2020-003002	FOIA	Simple	Jason E Cohee	Intelligence-R-US	Freedom of Information Act Request Jason Cohee makes this request under color of the Illinois State Police Power of the Illinois Freedom Of Information Act,. The request is for all studies, documentation, and files that pertain to the Department of Defense reasoning to have recruits with GED's score higher than high school graduates on military entrance exams. Mr. Cohee observes GRIGGS vs. DUKE POWER Co.,401 US 424 (1971) at page 431; "[C]ongress has now required that the posture and condition of the job seeker be taken into account It has-to resort to the fable-provided that the vessel in which the milk is proffered be one all seekers can use." This holding has a wealth of information to rebut the requested idea of the discrimination of hiring practices against GED holders. With the low income students failing to graduate on time around a 25% rate it is unfair to discriminate against them. The idea that the military could give a GED holder a chance at the military perks fairly and squarely would help break the family cycle of poverty. I request a copy of the following documents [or documents containing the following information] be provided to me under the Freedom of Information Act:</p> <p>1. During the Mayaguez Incident in May 1975, three Marines were left behind on Koh Tang island in Cambodia. Their names are as follows, Marine Pvt. Danny Marshall, Marine Pvt. 1st Class Gary Hall and Marine Lance Cpl. Joseph Hargrove. They were from Echo Co., 2- 9. I previously requested their personnel files from NPRC. I was told the following: "The military record was loaned to the US Marine Corps and has not yet been returned to the National Personnel Records Center. We are forwarding your request to that agency." Then on a separate sheet it says (b)(6) at Quantico advised that they have the record." Instead it uses radar and other sensors to monitor the subject's heart rate and body temperature. The kit also analyzes the subject's voice. Along with the radar the kit maybe able to project Human voices into the human skull using trans-cranial magnetic stimulation into the human auditory Cortex and the Frey Effect. DefenseOne reports that the kit was developed by U.S. Special Operations Cmd (SOCOM) and fifteen partners as a physiological analysis tool. The kit was able to tell operators later that the questions made the subject nervous, and that it prompted a change in subtle behaviors. This kit can change behaviors and be used as a behavioral modification to the tested person or subject. Maybe this kit used by the United States Special Operations Cmd could even input voices into ones skull using what is know as Microwave hearing or the Frey Effect developed by Dr. Frey.</p> <p>I provided a link to the source to help provide my claim of this so-called Mind Reading Mind Control Kit used and developed by the United States Special Operations Cmd.</p> <p>Source: https://www.popularmechanics.com/military/research/a30224006/us-military-mind-reading-kit/</p> <p>Thank you!</p>	12/15/2019	Marine Corps Forces Special Operations Cmd

					I have been through these records at NARA, and I found them very useful, but I also found that there are gaps in the records, or at least there appear to be gaps. I am not sure if you all would have any documents still requiring an FOIA from the U.S. Marine Corps' time in Nicaragua from 1912 to 1933, but I wanted to make sure. Please let me know if you need any additional information. I am sorry If my request is somehow troublesome for you. I hope you have a wonderful day.

Professor Tonmoy Sharma and Lead researcher Professor Terry Clark of The University of Sussex have developed these sensors that can read brainwaves without having to touch the human head at all. They can remotely pickup and read of the EEG Brainwaves with these sensors they have developed.</p> <p>http://news.bbc.co.uk/2/hi/health/2361987.stm?fbclid=IwAR2FxHdZszkZpLsU3pjWJK0ssuMvS9NOGIbizBcDDLzuvmiYxTOBwgtZwFY</p> <p>In 2003-2004 the Waveband Corporation along with Dr. Lev Sadovnik was developing this MAE System or the Microwave Auditory Effect System or called MEDUSA, and had a contract with the US Navy. In 2002-2003 the Waveband Corporation along with the US Navy, the DOD, and the Pentagon, and the NSA (National Security Agency) has acquired these EEG Brainwave reading sensors from the University of England and has incorporated these EEG Brainwaves sensors either into large radar dishes, or attached them to cell phone transducers towers and or made these sensors small enough that they started putting them into cell phones for production. This WaveBand Corporation made these senses small enough to fit inside all Cell Phones including iPhone, and Androids. And then in 2005 the Sierra Nevada Corporation bought the contract from the Waveband Corporation and continued to develop more on the EEG Brainwave sensors developed by the University of Sussex. The Sierra Nevada Corporation has is still continuing to develop these EEG brainwaves reading sensors with this MAE System and the US Navy, and the Pentagon and the NSA National Security Agency. 2020-002016	FOIA	Simple	Dr. Quentin Jevar Crocheron	B613	Please conduct a "JAG ARTICLE 24.5.13" Hearing on President Donald John Trump Article II of the Constitution establishes the executive branch of the federal government. It vests the executive power of the United States in the president. The power includes the execution and enforcement of federal law, alongside the responsibility of appointing federal executive, diplomatic, regulatory and judicial officers, and concluding treaties with foreign powers with the advice and consent of the Senate. The president is further empowered to grant federal pardons and reprieves, and to convene and adjourn either or both houses of Congress under extraordinary circumstances.[16] The president directs the foreign and domestic policies of the United States, and takes an active role in promoting his policy priorities to members of Congress.[17] In addition, as part of the system of checks and balances, Article I, Section 7 of the Constitution gives the president the power to sign or veto federal legislation. The power of the presidency has grown substantially since its formation, as has the power of the federal government as a whole.[18] Through the Electoral College, registered voters indirectly elect the president and vice president to a four-year term. This is the only federal election in the United States which is not decided by popular vote.[19] Nine vice presidents became president by virtue of a president's intra-term death or resignation.[C] Article II, Section 1, Clause 5 sets three qualifications for holding the presidency: natural-born U.S. citizenship; at least thirty-five years of age; and residency in the United States for at least fourteen years. The Twenty-second Amendment states that no person who has been elected to two presidential terms may be elected to a third. In all, 44 individuals have served 45 presidencies spanning 57 full four-year terms.[20] Grover Cleveland served two non-consecutive terms, so he is counted twice, as both the 22nd and 24th president.[21]	11/20/2019	United States Marine Corps	Records Not Reasonably Described

Note: This in no way is a national security issue. The information requested is for limited flight data of aircraft that were observed over a short period of time. All flights in and out of Miramar are plainly visible and audible. The entire airfield is visible from neighboring public streets as it is surrounded by businesses and residential areas. Furthermore, all departing flights travel over private property. All aircraft are supposed to be broadcasting openly, ADS-B on 1090 MHz. The information requested is not secret or hidden in any way and does not constitute enough data for an enemy of the state to piece together critical training information. 2020-001097	FOIA	Complex	Alexandra Jones		William Oden Hambler, of the Marine Corps died in an accident on Camp Lejeune, North Carolina on June 30,1962. It is believed that there were other occupants of the car. William O Hambler was born in Brooklyn, NY on April 4,1936. One of the documents I am looking for is the death certificate. Also, I am looking to see if there was an investigation done for the accident as it involved military personnel, and was on a Marine camp.Or any police reports or accident reports regarding the accident, touching on the occupants of the car, injuries of the other people in the car, and his death. And any documents of who may have been in the car with him during the accidents. And if there was an accident report involving the crash. Another record I am looking for it is possible is any medical records that the Marine Corps may have, during his time in service.	10/31/2019	United States Marine Corps	Partial Grant/Partial Denial

2020-000459	FOIA	Simple	Steven Ellsworth Shaw		On September 13, 2019 the Navy Times published an article titled "Marines clear XO fired from the Navy' Gladiators." The article includes the following statements: "Instead, Fridayâ€™s announcement by the staff of Brig. Gen. Jason Morris was another blow to a Pentagon IG investigation thatâ€™s been decried by dozens of military aviators as unfair and riddled with factual errors since its June 12 release, according to internal Navy and Marine Corps documents provided to Navy Times." "Nesbittâ€™s attorney, Timothy Parlatore, estimated that the lieutenant had filed or assisted in the filing of at least 11 IG complaints against the military while at VFA-106, according to a letter to Morris obtained by Navy Times." "According to an internal dossier provided to Navy Times, eight Navy aviators submitted personal statements or other evidence to the Marine Corps in support of Nesbitt, including VFA-106 operations officer Cmdr. Joel Caponigro; training model manager Cmdr. Mark Bair; former Cmding officer Cmdr. Martin L. Weyenberg; and present Cmding officer Cmdr. Brandon M. Scott." Time frame for the request is May 1, 2019 to present. For background information, the Wilmington Police Department is investigating several "assaults," which are reportedly sexual in nature, against men in downtown Wilmington. At least one of the assaults was reportedly against a Marine. Here is the information released by the WPD on Oct. 15:</p> <p>"Wilmington Police are investigating a series of assaults that occurred in the downtown area near bar closing time. The investigation reveals that the assaults may have started several months ago. The crimes all involve males who were assaulted and some were robbed. Details are limited due to the condition of the victims at the time the incidents happened.</p> <p>Patrols have been increased downtown and detectives are actively investigating these crimes.. Police want to remind individuals who choose to drink at public establishments to exercise caution, never drink and drive and donâ€™t leave bars alone.</p> <p>We are asking anyone with information about these assaults to please call the Wilmington Police Department at 910-343-3609 or use Text-a-Tip."</p>	10/15/2019	MCIE Marine Corps Base Camp Lejeune	Request Withdrawn

I request all documents related to the visit of President Donald Trump on Sept. 18, 2019. I am requesting all documents generated by the USMC in preparation of and related to the visit, to include: The responsive email correspondence of Major Gen. Kevin liams, Brig. Gen. Michael Borgschulte and any operations or support personnel involved with the visit. I request any and all instructions or orders issued to Marines involving the visit also be provided. Further, I request the flight logs of 3rd MAW aircraft flown with the president's party during the visit. I request the passenger manifest of all 3rd MAW air assets flown as 'escorts' during the visit as well as the routine documentation generated in relation to the flights. Specifically, the amount of fuel spent flying with the president's party and any documentation of the cost of that fuel. If you determine that some but not all of the information is exempt from disclosure and that you intend to withhold it, I ask that you redact it for the time being and make the rest available as requested. In any event, please provide a signed notification citing the legal authorities on which you rely if you determine that any or all of the information is exempt and will not be disclosed. I also ask that you identify the person or persons who made the determination. It's my understanding that this information can be electronically generated in a report, so I do not anticipate any delays or cost. I understand this request potentially involves a significant amount of documents, so I request that responsive documents be provided on a rolling-release basis as opposed to waiting until all have been gathered.</p>	9/24/2019	3DMAW - 3D Marine Aircraft Wing	No Records

I'm looking into a claim that President Donald Trump recently made about the U.S. military's "jet fighters." He said, "When I came here, 50 percent of our jet fighters didnâ€™t fly. ... And they were in bad shape. And now we have the best fighters in the world. Everybody wants to buy them."								
I'd like to be able to include in my article whether the number and percentage of USMC strike fighters that were mission capable before President Trump took office has increased, decreased or stayed the same during his administration.								
So, I'm looking for the total number of strike fighter aircraft and the number and percentage that were mission capable over two years ago, as well as the total number of strike fighter aircraft and the number and percentage that are mission capable now.								
It would be great if I could get the figures for January 2017 through September 2019. If that is not possible, whatever information you can provide would still be helpful. If there are breakdowns for each individual aircraft, that would also be helpful.

In particular, we are requesting relevant Cmd chronologies and any other after-action or historical reports that may help to describe the conditions under which personnel serving at Camp Ridgway/Camp Taqaddum performed their duties during that time. Please note that we are not requesting documentation regarding combat or support operations beyond the immediate vicinity of the base. We understand that during that period, the 1st FSSG in Al-Anbar Province included Combat Service Support Group (CSSG) 11, comprised of Combat Service Support Battalions 1 and 7, and CSSG-15. We also understand that elements of various Marine Corps aviation units were based at or utilized Camp Ridgway/Camp Taqaddum during the 1st FSSG's service there, including Marine Air Group 16, MWHS-3, MWSG-37, MACG-38, HMM-161, HMLA-775, VMU-2, and personnel from the combined VMGR unit at Al-Asad Air Base, comprised of personnel from VMGR-234 and VMGR-352. We understand that the 3d Battalion, 24th Marines, provided local security at the base. We are requesting records documenting the experiences of personnel from each of these units at Camp Ridgway/Camp Taqaddum, especially any alerts, enemy attacks, or casualty incidents on the base that could have been experienced or witnessed by personnel of the 1st FSSG.	8/9/2019	Marine Corps National Capital Region		Partial Grant/Partial Denial

2019-008613	FOIA	Simple	Charles Emmanuel Spirtos		<p>On May 31, 2019, I submitted a FOIA request for records about Cpl Jason Dunham. My request was controlled under file number DON-USMC-2019-007520. Your office initiated a search of the files maintained by the Manpower Management Records & Performance Branch and retrieved Cpl Dunham's Official Military Personnel File. In USMCâ€™s response which I received on June 27, I received enclosed a copy of his Medal of Honor award and citation along with an additional piece of information that he was, he was awarded the Purple Heart, National Defense Service Medal, and the Marine Corps Good Conduct Medal, which do not come with a citation. This request was fully satisfied--thank you.</p> <p>I would like to initiate a new request broader in scope than in the past. I would like furnished to me all portions of Cpl. Dunhamâ€™s military personnel file that would describe his acts of valor, service in the USMC, etc. I am not requesting anything that would be an undue invasion of Cpl. Dunhamâ€™s privacy, such as medical records, disciplinary records or anything of the sort. However, I would like as much from his file as is deemed releasable by your office. For context, I am conducting research to write an academic article on acts of valor by the brave men who have served our country and are recipients of the Medal of Honor, which is the purpose of this request concerning these portions of Cpl. Dunhamâ€™s service record.</p>		6/28/2019	United States Marine Corps	Partial Grant/Partial Denial

2019-008109	FOIA	Simple	Paul KENDALL	Mary Claire Kendall	I would like to receive all the records in the Marine Corps Archives concerning (b)(6) service in World War II. Their names are Joseph, Frederick, Andy and George Fudala of Cayuta County, NY. Joseph was in the Navy. The other three were Marines. Here's an article about their service, i.e., the website link: https://twentysevenboysdotcom.wordpress.com/2017/11/08/remember-the-sacrifice/?fb_action_ids=632591640464849&fb_action_types=news.publishes And, I quote, "During WWII, many families had more than one son or daughter serving in the military. The Fudala family, from Cayuta, New York, was no exception. At least four brothersâ€”Joseph, Frederick, Andrew and Georgeâ€”served their nation during WWII. The oldest, Joseph, was in the Navy for at least 26 years. The other three brothers joined the U.S. Marine Corps. All of them lived to see the end of the war. As many men from the time period did, they returned home, raised families and lived out their lives." Thank you in advance for your response to my request. -- Paul A. 2019-008105	FOIA	Complex	Howard Ryan	Desktop Aler Inc.	IN 2015 EMNS M67854-15-R-4954 WAS AWARDED TO FCN INC. The award was cancelled for convenience October 5, 2015. GAO Bid Protest by Optivor Technologies, LLC(B-412149) The GAO was promised the agency would take corrective action. Despite the Agencyâ€™s firm belief that all protest allegations are without merit, the Agency has determined that it is in its best interest to take corrective action. The corrective action includes termination of the award, reexamination and refinement of the Agencyâ€™s specifications, and a subsequent resolicitation of a revised requirement to be issued at a later date. The Agencyâ€™s intended corrective action will ensure that a solicitation accurately describing the Marine Corpsâ€™requirements is fairly and equally competed from amongst a broad vendor base. Inexplicably, The Marines sister agency SPAWAR issued a new RFP, N65236-16-NR-55203 on 6/9/2016 for the requirement for AtHoc by brand name which was in direct defiance of the agencyâ€™s letter to the GAO â€œintended corrective action will ensure that a solicitation accurately describing the Marine Corps â€™requirements is fairly and equally competed from amongst a broad vendor base.â€™ N65236-16-NR-55203 was protested and sustained and the RFQ was cancelled and SPAWAR informed us that â€œthe matter was being sent back to the requiring agency (the Marines)â€™ Since this date in time almost 4 years have passed and the Marines refuse to communicate with Desktop Alert or FCN on the matter and we are informed that AtHoc continues to be the alert system on the Marines network and funded by bridge contracts and a myriad of unpublished contract vehicles. Respectfully request any and all information as it relates to this matter including but not limited to all Marines and SPAWAR contracting and agency level emails related to: EMNS M67854-15-R-4954 and N65236-16-NR-55203. 2019-007744	FOIA	Simple	Gina Harkins	Military.com	Hello, Pursuant to the federal Freedom of Information Act, 5 U.S.C.Â§ 552, I request copies of all emails and other documents related to Sen. Dan Sullivan regarding Lt. Gen. David Bergerâ€™s nomination for Cmdant of the Marine Corps. My request includes any emails between the Marine Corps and Sen. Sullivan or his staff members between 01/01/2019 through 06/06/2019. My request also includes any emails sent internally by Lt. Gen. Berger and/or other Marines concerning Sen. Sullivan and Gen. Berger's nomination. As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information about why Sen. Sullivan delayed the approval of Lt. Gen. Bergerâ€™s nomination to become Cmdant. This information is sought on behalf of Military.com for dissemination to the general public after Sen. Sullivan's attempt to delay Lt. Gen. Berger's nomination was reported by several media outlets. Release of the information is in the public interest because it concerns the future leader of the Marine Corps, whose approval to serve in that role was delayed by a prominent member of Congress. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I reserve the right to appeal your decision to withhold information or deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request. 2019-005694	FOIA	Simple	Tom Secker		All Marine Corps records on the documentary Combat Obscura. Please note: the Marine Corps did not support this production (quite the opposite) so please search the following locations: 1) The Marine Corps Entertainment Media Liaison Office at Camp Pendleton 2) Marine Corps Communications 3) Marine Corps HQ 4) Any part of USMC that reviewed the film prior to release and assessed its content. It has been widely reported that USMC tried to block release of the film due to it containing footage shot by Marine Corps cameramen in Afghanistan that had not been cleared for release. I'm not sure which part of USMC is responsible for such reviews and checks but it should be relatively easy for you to establish this. I am especially interested in any internal review and assessment of the film (formal or informal) and any communications with the film-makers about the content/release of their production, but please do not limit the search to only these items. 2019-005537	FOIA		David Charmichael		<p>A search was conducted of MARCENT NIPR, I have also been advised the USMC maintains its own records. The records I seek would almost certainly has a whole be at restricted due to the nature of the unknown, determination of the threat potential, its capability performance, and its source of origin. Until these have been fully assessed it would be restricted.</p> <p>NIPR is a unclassified network, a search of the classified networks would more than likely contain such information, whether the source of the information is from the Group 36 and 18, the records may not be located with them but with a higher authority to determine the aforementioned. The JWIC and SIRPNET and others specifically pertaining to the USMC may contain the records I seek, whether the terms I have used in my original FOIA request are able to locate the records is undetermined, since the terminology in use may be different, perhaps brevity codes are in use or a classified term, to prevent the source of origin intercepting such communications if it is transmitted electronically. It is known NORAD Unknown Tracks, and Remaining Unknown are at least FOUO and restricted if they are within a certain time frame, hence records I seek would come under this term also. There are records officially released from various US military entities of unknown objects detected, sighted, and reported through official military channels, and the OPREP system, various terms have been used. There continues to be reports of unknown aerial devices within the public, civil aviation and military channels, for example the CSAF OPREP 3 Reporting Matrix asks for "unidentified traffic" to be reported. Theses matters would not be restricted to the USAF, but all services with a air capability. There are a lot of unidentified objects flying around some seemly have capabilities beyond conventional military aircraft, and would be cause for concern by any military agency in a security and safety capacity.</p>	4/4/2019	IIIMEF-1STMAW - 1st Marine Aircraft Wing	Closed for Other Reasons; Duplicate Request or Appeal

2019-004569	FOIA	Simple	Jenna Mazzella	Wrongful Convictions Clinic	Dear FOIA Officer: This is a request under the Freedom of Information Act. I request that a copy of the following record containing the following information be provided to me: The names of the Gate Guards on duty at Camp Lejeune’s Main Gate and Piney Green Gate on Monday, January 5, 2004 between the hours of 0400 (4:00a.m.) and 0500 (5:00a.m.). I do not believe that this request involves as invasion of personal privacy. However, even if it does, it should be noted that disclosure of this information will serve the public interest. This information may shed light on whether law enforcement officials conducted a constitutionally sufficient investigation in a 2004 criminal case. Any de minimis privacy interest implicated by this disclosure is outweighed by this public benefit. For the purposes of assessing fees, I am a student at Duke University School of Law, and this request is made as part of background research into a clinic case and not for commercial use. I will expect a response within 20 working days as provided by law. If my request is denied in whole or in part, please provide a detailed justification for withholding the records. I also request that you disclose any segregable portions that are not exempt. Thank you for your consideration of this request. Sincerely, Jenna R. 2019-004645	FOIA	Simple	Robyn Ferguson		I request that a copy of the following document(s) be provided to me: - Any staff correspondence, power point presentations, academic and non-academic studies, policies, directives, contract documents, reports, internal correspondence or working papers originated by your organization related to adapting Core Competence Theory as a means to optimize DOD's strategy, resourcing decisions, or to optimize performance in other ways. Use of the term might also appear in discussions related to Human Resources Development and would be of interest as would contracting activity demonstrating the use of consultancies to provide expertise on core competency development. The timeframe is 1990 to present. In 1990, C.K. Pralahad and Gary Hamel published the Article "The Core Competence of a Corporation" in Harvard Business Review, which articulated how businesses might attain a competitive edge by identifying the core competencies they might need in the future. The 2003 GAO Report "DOD faces challenges Implementing its Core Competency Approach and A-76 Competitions" verifies that the Department of Defense, several DOD Agencies, DOD Staff, and the Services took active efforts to adapt the theory. - Also of interest would be any identification or staff work involved in identifying the Marine Corp's Core Competencies prior to or pursuant to the National Defense Authorization Act of 2008, which directed the DOD to identify and adapt core competencies. These core competencies were published in the Quadrennial Roles and Missions Review of 2009. - Correspondance with Congress, either directly, or through DOD or Marine Corps Congressional Liaisons pertaining to Core Competency Identification would also be of interest. 2019-003471	FOIA	Simple	Alec Nevala-Lee		To Whom It May Concern: This is a request under the Freedom of Information Act. I hereby request the following records: A copy of any U.S. Marine Corps files regarding the late Buckminster Fuller, the architect, designer, and futurist. His full name was Richard Buckminster Fuller, Jr. He was born on July 12, 1895 and died on July 1, 1983. A copy of his obituary in the New York Times is attached. https://en.wikipedia.org/wiki/Buckminster_Fuller https://www.nytimes.com/1983/07/03/obituaries/r-buckminster-fuller-futurist-inventor-dies-at-87.html The date range of this request is from 1953 through 1983. Please search the broadest range of relevant files or indices for any and all information responsive to this request, and in particular with regard to Fuller's work with the Marines to develop geodesic domes as structures for radar equipment (radomes), helicopter hangers, and forward-area shelters. Fuller's company, Geodesics Inc., worked closely with Col. H.C. Lane. Of particular interest would be any memos, reports, or other correspondence relating to the commissioning, testing, and construction of domes in the 1950s. This request falls into the fee category representative of all other requesters. My work includes the group biography Astounding: John W. Campbell, Isaac Asimov, Robert A. Heinlein, L. Ron Hubbard, and the Golden Age of Science Fiction (HarperCollins) and "What Isaac Asimov Taught Us About Predicting the Future" (New York Times, October 31, 2018). A copy of my professional résumé is attached. I agree to pay up to \$100 for the processing of this request, if necessary. Please inform me if the estimated fees will exceed this limit before processing my request. I would prefer that the request be filled electronically, by email attachment if available or CD-ROM if not. Thank you for your consideration.	2/4/2019	Marine Corps National Capital Region	Full Grant

A group of US Marines from the 3rd Battalion, 8th Marine Regiment were travelling in a Humvee in Farrah Province, between the Towns of Bakwa and Delaram Afghanistan.</div> <div>The Humvee ran over an IED causing a massive explosion. The occupants were injured and medevac'd to a British field hospital. There they were treated. One Marine was put on Morphine for three days before requesting to go back to his unit. The problem was that he never was treated for a TBI or other injuries he sustained in the blast.</div> <div>The issue if I am hoping to have evidence to show the devastation and hope the VA will review the results of the blast and the cause of internal injuries.</div> <div>This Marine never received a purple heart which is warranted based on the incident and injuries that he suffers daily from.</div>	2/3/2019	U.S. Marine Corps Forces Central Cmd	Partial Grant/Partial Denial

Please contact me should this FOIA request should incur a charge.</div> <div>On December 10, 1946, six Curtis Cmdo R5C transport planes carrying more than 200 U.S. Marines leave San Diego en route to Seattle. The aircraft, flying entirely by instruments at an altitude of 9,000 feet, encounter heavy weather over southwest Washington. Four turn back, landing at the Portland Airport; one manages to land safely in Seattle, but the sixth plane, carrying 32 Marines, vanishes. Search-and-rescue aircraft, hampered by continuing bad weather, are unable to fly for a week and ground searches prove fruitless. After two weeks, the search for the missing aircraft is suspended. The Navy determines that the aircraft was blown off course by high winds and flew into the side of Mount Rainier (14,410 feet). In July 1947, a ranger at Mount Rainier National Park spots wreckage on South Tahoma Glacier. Search parties examine the debris and confirm that it came from the missing plane.</div> <div>I respectfully request a copy of records, electronic or otherwise, pertaining to the above event. 2019-003756	FOIA	Complex	Felix J Boccadoro	Felix Associates, LLC	In October of 2015, Entropix, LLC began discussions with the Radio Battalion Modernization and Concept Exploration (RadBn Mods) element of the USMC regarding the Corsair High Frequency (HF) Direction Finding & Geolocation System manufactured by Entropix. Discussions, demonstrations and meetings were held over a time period with both Military and Civilian Contractor USMC personnel regarding the System. These interactions lead to the contracting in excess of \$1,000,000 for procurement of baseline Corsair systems, various associated assemblies, new configurations in terms of Hardware and Software as well as customized configurations for targeted applications. A segment of this contracting on behalf of the USMC has been through ManTech International Corporation. Under FOIA, it is requested that the Government provide all documentation regarding actions taken by the USMC RadBn Mods Element, and supporting elements, to contract for the procurement and or development/enhancement of the Entropix Corsair System or derivatives of this system for specific USMC system applications. Documentation should include required J&As for acquisition under other than full and open competition, RFQs, RFPs, specification requirements provided solely to Entropix, SOWs, SOOs, ROMs, TOs considered under MATOCs, contract mods to facilitate TOs / Subtasks etc., letters or correspondences (e.g. - e-mails to/from domain entropixllc.com, containing the name "entropix", etc.) regarding Corsair or to other agencies supporting acquisition/development, contract documents, consortium actions, MIPR documentation, etc. It is the requested that the Government proceed within the spirit of the act in favor of disclosure of any and all such information without prejudice. Seely III, between May 15, 2018 to May 22, 2018; relating or referring to the following topics or keywords: DLI, defense language institute; Amber; James LaPorta; The Daily Beast. Records include all documentation or communication preserved in electronic or written form, including but not limited to correspondence, documents, data, transcripts, video and audio recordings, emails, faxes, files, guidance, guidelines, evaluations, instructions, analyses, memoranda, agreements, notes, orders, policies, procedures, protocols, reports, rules, technical manuals, technical specifications, training manuals, studies, and other similar information, Unless otherwise noted, the Request seeks Records created between the period of May 15, 2018, to May 22, 2018. Requester asks that any Records that exist in electronic form be provided in electronic format via electronic mail or on a compact disc, which can be mailed to the address provided in the Contact section of this FOIA request. If Records cannot be provided in an electronic form or in hard copy, Requester seeks the opportunity to view the Records in the offices of the U.S. Marine Corps. The final FOIA response in this matter should be a Partial Grant/Partial Denial, as the exemptions permit an agency to withhold records only when the public's interest in disclosure is outbalanced by an individual's privacy interest. Kimberlin v. Dept. of Justice, 139 F.3d 944, 948 (D.C. Cir. 1998). 2019-002512	FOIA	Simple	Dr. Nick Turse	The Nation Institute	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request copies of all REPORT OF MISCONDUCTs issued from January 1, 2018 to the date that this case is perfected. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record" i.e., as a unit "except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages.
