1. **Purpose.** The purpose of this Standard Operating Procedure (SOP) is to assist department/agency parking representatives with their role and responsibilities. This SOP is also provided to establish policies and procedures for Marines, Civilian Marines, and Contractor personnel who require parking aboard the Pentagon Reservation.  

2. **Cancellation.** This SCP cancels and supersedes the previous HQMC Parking SOP dated 5 March 2009.  

3. **Background.** The Pentagon Force Protection Agency (PFPA) administers and enforces the parking program and controls vehicle access aboard the Pentagon Reservation per the reference. The Department of the Navy receives parking allocations for Navy and Marine Corps personnel aboard the Pentagon Reservation from PFPA, based on the most current Pentagon Occupancy and Space Allocation Study (POSAS) percentages. The Navy distributes these parking allocations to the Marine Corps Parking Control Officer (MCPCO),
Subj: STANDING OPERATING PROCEDURES FOR PARKING ABOARD THE PENTAGON RESERVATION

who in turn distributes the allocations to Marine Corps Staff departments/agencies. Executive parking assignments at the Pentagon are administered by the Office of the Director Marine Corps Staff based on Department of the Navy Order of Precedence. Non-executive allocations are based on the POSAS.

4. Action. All HQMC departments/agencies are to comply with the guidance within this SOP unless superseded by other directives and regulations issued by Director, Administration and Resource Management Division (DirAR) or PPFA, Parking Management Branch (PMB). This SOP cannot address every conceivable question that might arise in day-to-day parking matters, however, it provides the necessary guidance from most parking related situations. When confronted by a situation unfamiliar to you, and not in this SOP, please consult Security Programs and Information Management Branch (ARS) immediately for guidance.

5. Responsibilities

a. Marine Corps Parking Control Officer (MCPCO). ARS is responsible for Marine Corps parking matters aboard the Pentagon Reservation. These parking matters include:

   (1) Permanent/Temporary Parking Permits
   (2) Special Event Parking/Access
   (3) Visitor Parking
   (4) Official Business Access Passes
   (5) General Delivery (Remote Delivery Facility Access)

b. Department/Agency Parking Representatives (DAPR). Department/Agency Parking Representatives are assigned in writing by the HQMC Staff Department/Agency. Enclosure (1) is an example of the appointment letter to be signed and returned to the MCPCO. Additionally, all parking representatives must complete enclosure (2), DD Form 2875 (Systems Authorization Access Request) to gain access into the PPFA Parking Application website: https://parking.ppfa.mil/Maintenance/SecurityDisclaimer.asp for the purpose of managing their respective department/agency parking program.
c. Pentagon Forces Protection Agency Parking Management Branch. The PFPA, PMB controls all parking aboard the Pentagon Reservation. Their responsibilities include parking allocations (cars/trucks/motorcycles), handicapped, special situations, temporary parking, and parking enforcement. All parking permits originate from the PFPA PMB.

6. Administration. The first step in the successful management of department/agency parking matters is to familiarize yourself with this SOP. By doing so, you will know exactly how to negotiate the many intricacies of parking management aboard the Pentagon Reservation.

a. Per the reference, parking aboard the Pentagon Reservation is a privilege and not a right of employment. The following are examples that may result in the loss of a department/agency’s parking allocation, an individual's ability to park aboard the Pentagon Reservation, a parking citation, boot, and/or towing at the owner’s expense:

(1) Improper transfer of a parking permit.
(2) Parking in an unauthorized parking area.
(3) Parking in an area not designated by the permit.
(4) Altering a parking permit or the falsification of parking documents or records.
(5) Receiving multiple parking infractions within a twelve month period.

b. After the MCPCO has received the department/agency parking representative letter of appointment (enclosure 1), and the Systems Authorization Access Request (DD Form 2875) (enclosure 2), the MCPCO will:

(1) Forward enclosures (1) and (2) to the PFPA PMB for processing. Within one week, an account will be established in the PFPA Parking Application database. This account will allow the department/agency parking representative to manage their parking allocations.

(2) Provide the DAPR with the current parking allocation for their department/agency as required.
Subj: STANDING OPERATING PROCEDURES FOR PARKING ABOARD THE PENTAGON RESERVATION

(3) Provide the DAPR with a roster of current permit holders assigned to their department/agency as required.

(4) Provide instructions and assistance to the DAPR in managing their parking program. Account users are not permitted to access the PFPA Parking Application until they have been properly trained by the MCPCO. Under no circumstance should the DAPR self-clear himself for parking. If the DAPR requires a parking clearance they can have another account user process the request or submit a request to the MCPCO via the organizational mailbox at SMB.HQMC.ARSPARKING.FCT@USMC.MIL.

7. General Parking Request. Executive, temporary, and visitor parking fall under this general parking category. This category of parking does not impact the department/agency parking allocation unless the request is more than temporary (more than five working days). Executive is defined as any General Officer (GO) or member of the Senior Executive Service (SES) (active or retired) or anyone that will be visiting a GO or member of the SES. Submission does not constitute approval. The request must be approved by the PMB. Once the appropriate entry is made into the PFPA Parking Application the status will remain pending until it has been approved in which the status will change to approved. DAPR’s will check the status of the request by selecting the clearance tab and “Search and Edit Clearances”.

   a. Individuals requesting parking will first contact the DAPR for the office they are visiting. The DAPR will submit the parking clearance request via the PFPA Parking Application.

   b. If the requestor is not able to contact the DAPR the request may be submitted at least 24 hours prior to the scheduled visit on the Parking Clearance Request Form (enclosure 3) via the SMB HQMC ARS Parking Mailbox.

   c. In the event this mailbox is not functioning, the request may be emailed to the MCPCO. If your email is not answered by close of business, call (703) 695-0570 or (703) 614-3609. Upon receipt, the MCPCO will place the parking request into the PFPA Parking Application for processing. Please be advised, the MCPCO is not the final approval authority for the parking request. This request, once entered into the Parking Application must be approved by the PFPA PMB. Requests not received within the required 24 hour time frame may not be approved in time for the visit. It is imperative that all General Parking requests are received at least 24 hours prior to the visit.
Subj: STANDING OPERATING PROCEDURES FOR PARKING ABOARD THE PENTAGON RESERVATION

In the event of a same day parking request, send the Parking Clearance Request Form (enclosure 3) to the parking SMB mailbox and call (703) 695-0570 or (703) 614-3609 for immediate assistance.

d. Permanent employees of the Pentagon are not considered visitors of the Pentagon. Should an employee require parking they will have two options:

(1) Self clear by visiting the Pentagon Parking Management Office Room 2D1039 and submitting a Parking Clearance request.

(2) Contact their DAPR to submit a parking clearance request. In the absence of the DAPR the request can be sent as described in paragraph 7.b. of this SOP.

8. Visitor Parking. The following is a list of visitor parking areas for the Pentagon Reservation:

   a. Pentagon VIP Parking (Lane 26): Normally reserved for GO and SES personnel. Executive visitor parking for the Pentagon will be assigned at the time of approval.

   b. Hayes Street, Fern Street and North Parking (Lane 57-63) Parking: Parking at the Hayes and Fern Street Lots located on Army Navy Drive and North Parking (Lane 57-63) is designated for visitors and permanent personnel with special situations who do not have a permit, or for personnel that are receiving metro subsidy and need to park in general parking areas if they have a need to drive that day. Individuals are limited to 5 days of clearance to park a month.

9. Special Event Parking. Organizations may request special event parking for HQMC-sponsored events that are held aboard the Pentagon Reservation. Examples of these events include but are not limited to; Medal of Honor Ceremony, General Officer Symposia, Top Level Schools, retirements and promotions hosted by a GO or SES. Since special events normally require a great deal of coordination for both parking and access requirements for (non DoD badge holders), it is requested that the MCPCO be notified at least 21 days in advance of the special event.

Retirements and Promotions: Parking Clearance request forms (enclosure 3) are required for all visitors attending retirements and promotions on the Pentagon Reservation. Parking request for
Subj: STANDING OPERATING PROCEDURES FOR PARKING ABOARD THE PENTAGON RESERVATION

Executives, and family members with special needs will be processed and approved as needed. All other guest will be cleared to park in Hayes/Fern or North lanes 57-63 lots.

10. General Delivery (Remote Delivery Facility). All deliveries to the Pentagon Reservation must be received and screened at the Remote Delivery Facility (RDF) prior to distribution to any tenant department/agency. The vehicle driver and any helpers must have a current DoD Building Badge or a completed National Criminal Investigative Check (NCIC) prior to being granted access onto the Pentagon Reservation. If the driver and/or helpers do not possess a current DoD Building Badge or have not completed the required NCIC check, the process for delivery may take 48 to 72 hours to coordinate. Departments/agencies should submit all requests for deliveries on the Pentagon Reservation Security Access Form, PPFA Form 78 (enclosure 4). PPFA Form 78 is used to verify access and to initiate an NCIC on drivers and/or helpers that do not have a current DoD Building Badge or a current NCIC. Once PPFA Form 78 is completely filled out, submit the form via the SMB HQMC ARS Parking Mailbox. Failure to complete the PPFA Form 78 will preclude the individuals from conducting business on the Pentagon Reservation. The vehicle must be at the RDF within one hour of the time of the requested delivery. The RDF will not allow the vehicle to be processed through the Dock Master if the vehicle fails to be at the RDF in the allotted one hour time limit.

11. Parking Permits

   a. There are many different types of parking permits aboard the Pentagon Reservation. Each permit is unique and distinct for the Pentagon proper. Each permit authorizes the holder to park in a specific parking area. It is particularly important that personnel pay strict attention to their assigned parking permit which reflects the lot they are authorized to park. Failure to park in designated parking areas could result in booting or towing at owner’s expense.

Park in excess of 24 hours in one location requires a prior written request from the authorized permit holder to PPFA PMB for approval. This information is provided to the Pentagon Police for security measures. Enclosure (5) will be utilized to request overnight parking. Overnight parking is only authorized for Pentagon permit holders.

c. Permanent parking is defined as parking assigned to permanent employees (Military, Civilian, Contractor) of HQMC. Permanent parking spaces consist of all the aforementioned parking categories. All requests for permanent parking permits must be submitted on the DD Form 1199 (enclosure 6) along with the Pentagon Reservation Permit Holder’s Acknowledgement Statement of parking responsibility (enclosure 7). All information on the DD Form 1199 must be accurate. Both forms will be validated by the requestor’s signature. Falsification may result in the permanent loss of parking privileges aboard the Pentagon Reservation. Under no circumstances should personnel loan or share a parking permit except for van/carpool permits.

d. Handicapped Parking. State sponsored Handicapped Parking Placards are not recognized aboard the Pentagon Reservation. Only personnel with handicapped "H" parking permits issued by the FFPA PMB are authorized to park in the designated handicapped parking areas at the Pentagon. Personnel requesting handicapped parking must obtain a formal letter (on letterhead) from their doctor addressing the disability and the anticipated length of time needed for handicapped parking permit, with the doctor’s original signature. Enclosure (8) lists the procedures by which handicapped parking is requested.
Subj: STANDING OPERATING PROCEDURES FOR PARKING ABOARD THE PENTAGON RESERVATION

(1) The medical evaluation documentation presented in support of a handicapped "H" parking permit request must address the following questions:

(a) Is the severe walking impairment permanent? If the walking impairment is not permanent, how long is it expected to last?

(b) Does the severe walking impairment prevent the use of public transportation? If so, how?

(c) Does the severe walking impairment prevent participation in a carpool, either as an operator or as passenger? If so, how?

(d) What are the limitations on walking specific distances?

(e) Why do the increased walking distances from certain parking areas adversely affect the disability?

(f) Are there other relevant statements supporting the request for an "H" permit?

(2) Once the requestor receives the doctor’s note, it must be faxed or hand carried to:

Department of Defense
DiLorenzo TRICARE Health Clinic
5801 Army Pentagon, Room 4A870
Washington, DC 20310-5801
Comm: (703) 692-8569
Fax: (703) 692-6250

(3) Once the requestor receives the approval letter from the clinic, they must submit the clinic approval letter to the DAPR. The DAPR will have the requestor fill out and sign enclosures (6) and (7) for processing. The DAPR will submit the clinic approval letter, signed DD1199 and Permit Holder’s Acknowledgment Statement to the MCPCO. The MCPCO will make the appropriate entries into the Parking Application for processing of the permit by the PMB. Once the permit is ready for pick-up the MCPCO will notify the DAPR. The DAPR will deliver the control card and permit to the applicant. The signed control card will be returned to the MCPCO.
e. **Temporary Disability.** Temporary disability parking permits are granted based on the time period specified by the DoD Health Services as indicated on the medical documentation submitted by the requestor. PFPA PMD may authorize temporary disabled parking for up to 60 days once documentation is obtained from the requestor’s physician. Authorized parking spaces for the temporary disability category are located in Pentagon North and South Parking Lots. Persons holding temporary disability parking permits may park in designated disabled spaces. If the marked disabled parking spaces are full, temporary disability parking permit holders may park in any vacant parking space except for reserved numbered spaces. Individuals authorized a temporary disability permit and who currently possess another permit will be required to turn in that parking permit to their DAPR. The DAPR will deliver the permit to the MCPCO. The MCPCO will store the permit during the duration of the disability. MCPCO will hold the permit in the individual’s parking records, not to exceed a 1-year time period. Upon termination of the disability permit, the individual may retrieve the original parking permit from MCPCO via their respective DAPR.

f. **Carpool and Vanpool Parking.** Carpool and Vanpool parking permits are handled exclusively by the PFPA PMB. Van/Carpool reserved parking areas are designated by parking signage as “B” throughout the Pentagon Reservation. In order to obtain a van or carpool permit, specific requirements must be met:

1. Vanpool permit requires a minimum of seven members with at least four of the members employed full time and physically working on the Pentagon Reservation. Members participating in a vanpool must provide proof of residence and should live within the same general area or driving route to the Pentagon Reservation. The driving route of participants may be questioned by PFPA PMB and may require written statements. The principal member and all other vanpool members shall apply for and obtain the vanpool permit from PFPA PMB, located in Room 2D1039, Pentagon Concourse. Pentagon Reservation vanpool permit holders must be registered with the Washington Metropolitan Area Transit Authority to receive Metro Subsidy Benefits.

2. Carpool permit requires a minimum of two members. All members must be employed full time and physically working on the Pentagon Reservation. Members participating in a carpool must provide proof of residence and should live within the same general area or driving route to the Pentagon Reservation. The driving route of participants may be questioned by PFPA PMD and may require written statements. The principal member and all
other carpool members shall apply and obtain the carpool permit from PFPA PMB, located in Room 2D1039, Pentagon Concourse.

(3) All members are required to fill out and sign the Form DD 1199 and the Permit Holder's Acknowledgement Statement at the PFPA PMB in room 2D1039. The PFPA PMB will issue the carpool or vanpool permit at that time.

(4) Carpool and Vanpool parking permits will expire according to the expiration date of the members DoD badge. Renewal of the permit is the responsibility of the principal members of the carpool or vanpool.

g. Temporary Parking Clearance. A temporary parking clearance is issued based on the following criteria:

(1) New personnel or individuals out-processing with a copy of official orders or in/out processing papers. Temporary parking clearances shall not exceed 2 weeks in duration. Individuals may obtain the temporary parking clearance from PFPA PMB, located in Room 2D1039, Pentagon Concourse.

(2) Other reasons, such as: forgotten permit; requirements outside of the mass transit hours of operation, not to exceed 5 calendar days; or temporary duty not to exceed 1 week. Individuals may obtain a temporary parking clearance from PFPA PMB, located in Room 2D1039, Pentagon Concourse or contact their respective DAPR.

(3) For individuals enrolled in the DoD NCR Mass Transportation Subsidy Program who require temporary parking that exceeds 5 work days to support a requirement outside of the mass transit operation hours, the individual must have written authorization from their staff agency. The agency will submit the request for approval to PFPA PMB for processing via the DAPR. The DAPR will forward request to the MCPCO. If approved the MCPCO will notify the DAPR who will inform the requestor.

12. Assignment of Executive Parking Permits. Permanent Executive Parking is defined as GO, Member of the SES, Executive Assistant, and Sergeant Major of the Marine Corps. Executive parking spaces at the Pentagon are assigned by the Director, Marine Corps Staff.
13. Deleted, Cancelled, Replacement Parking Permits

a. Deleting a parking permit allows the department/agency to recover the parking allocation for re-issue to another individual. This is accomplished by the DAPR accessing the FFPA parking application and deleting the current permit holder in the system. This can only be accomplished when the original permit holder has returned the parking permit to the DAPR. The DAPR will deliver the permit to the MCPCO located in room 2A288A.

b. All lost, stolen or missing parking permits must be reported by the permit holder to the FFPA Command Center (PCC) at (703) 697-1001. If the permit holder no longer works onboard the Pentagon Reservation and fails to return the permit, the agency parking rep must call the PCC and report the permit missing. For missing permits, the following procedures are:

(1) PCC personnel will take a statement from the caller and give the caller a case number.

(2) The caller must give the case number to their respective agency parking rep to enter into the parking database to generate a replacement permit for a permit reported lost or stolen. If the caller is a van/carpooler, the individual must report the case number to the FFPA PMB for replacement.

(3) The DAPR will endorse the Lost/Stolen Parking Permit Memorandum enclosure (9). If a replacement permit is required, the DAPR will also enter the request into the Parking Management system. The system will generate a DD1200 that must be signed.

14. Official Vehicles. The parking areas currently designated in North Parking as “O” (Official) are for marked government-owned, unmarked government-owned, or government-leased vehicles as well as other government agencies visiting the Pentagon Reservation on official business using a government vehicle. For government vehicles, the following procedures apply:

a. Official Business Access Pass. The purpose of the Official Business (OB) Access Pass is to allow government vehicles the ability to pick-up and drop-off (senior official passengers conducting official business) at the closest points of entry at the Pentagon (i.e. Mall Entrance, Corridor 5, River Entrance, and North Secure). To obtain an OB Pass, a letter of justification from the department/agency requesting the “OB” pass
Subj: STANDING OPERATING PROCEDURES FOR PARKING ABOARD THE PENTAGON RESERVATION

is required. This letter must be sent via the DirAR, (ARS) to:

Department of Defense
Pentagon Force Protection Agency (PFPA)
Attention: Parking Management Office
9000 Defense Pentagon
Washington, DC 20301-9000

The letter must include all pertinent vehicle information and a point of contact.

All occupants in the vehicle must have a DOD Badge or CAC card.

b. Marked Government. All marked government-owned vehicles that routinely park at the Pentagon Reservation must display a PFPA PMB-provided Pentagon Reservation location sticker affixed to the bottom left corner (driver’s side) of the vehicle windshield. The location stickers are required to identify the applicable government agency the vehicle is assigned to, the point of contact at that department/agency, and work phone number that will be maintained in the PFPA PMB database. Visiting Federal Government Agencies may obtain temporary visitor parking in the designated “O” parking areas.

c. Unmarked Government. Unmarked government-owned or leased vehicles must display a Pentagon Reservation “O” parking permit while parked on the Pentagon Reservation. Other government agency official decal/placards are not authorized for parking access on the Pentagon Reservation. An “O” parking permit may be obtained on a space availability basis by submitting a letter of justification through the appropriate agency parking representative to PFPA PMB along with a copy of the state-issued registration for each vehicle or a copy of the lease agreement for each vehicle. This letter must be sent via the DirAR (ARS) to:

Department of Defense
Pentagon Force Protection Agency (PFPA)
Attention: Parking Management Office
9000 Defense Pentagon
Washington, DC 20301-9000
Subj: STANDING OPERATING PROCEDURES FOR PARKING ABOARD THE PENTAGON RESERVATION

PFPA PMB will conduct a review of submitted requests and may issue an “O” parking permit upon verification of submitted information. Although owned by General Services Administration, some unmarked vehicles may bear state-issued license plates. These permits are issued and displayed for security purposes and the vehicles are eligible to park on the Pentagon Reservation.

d. The following is a list of authorized locations for government vehicle parking:

Pentagon

South Parking Lane 26
Hayes and Fern Street
North Parking, lanes 44-45

All occupants in the vehicle must have a DOD Badge or CAC card.

15. Boot and Towed Vehicle Information. In the event government or privately owned vehicles have been booted or towed, please contact the PFPA at (703) 697-1001. There is a cost associated with the towed vehicle or boot removal.

   a. Vehicles are subject to towing or booting when they are:

      (1) Parked in unauthorized parking areas, grassy areas, within the RDF Secured Access Lanes, near guard booths, along yellow curbs, or in a manner that blocks traffic or pedestrian lanes; not displaying the authorized permit assigned to the individual and vehicle tag number; vehicle clearance not authorized; displaying an invalid or expired parking permit; displaying expired state-issued registration; or parking a vehicle so that it occupies or utilizes portions of two marked parking spaces.

      (2) Covered with any type of car cover prohibiting a Pentagon police officer from seeing the parking permit or vehicle license plate number.

16. Personal Vehicle Damage. In the event that a personal vehicle is damaged on the Pentagon Reservation the member must contact the Pentagon Police and report the incident. The Pentagon Police can be reached at (703) 697-1001.
Subj: STANDING OPERATING PROCEDURES FOR PARKING ABOARD THE PENTAGON RESERVATION

17. Contact. If you have any questions regarding parking management, please contact the HQMC Parking Control Officer, at (703) 695-0570 or 614-3609 or in room 2A288A, Pentagon and or SMB Parking email at SMB.HQMC.AR.S.PARKING.FCT@USMC.MIL.

(2) Organization. The user's current organization (i.e. DISA, SDI, DoD and government agency or commercial firm).

(3) Office Symbol/Department. The office symbol within the current organization (i.e. SDI).

(4) Telephone Number/DSN. The Defense Switching Network (DSN) phone number of the user. If DSN is unavailable, indicate commercial number.

(5) Official E-mail Address. The user's official e-mail address.

(6) Job Title/Grade/Rank. The civilian job title (Example: Systems Analyst, GS-14, Pay Clerk, GS-5)/military rank (COL, United States Army, CMSgt, USAF) or "CONT" if user is a contractor.

(7) Official Mailing Address. The user's official mailing address.

(8) Citizenship (US, Foreign National, or Other).

(9) Designation of Person (Military, Civilian, Contractor).

(10) IATraining and Awareness Certification Requirements. User must indicate if he/she has completed the Annual Information Awareness Training and the date.

(11) User's Signature. User must sign the DD Form 2875 with the understanding that they are responsible and accountable for their password and access to the system(s).

(12) Date. The date that the user signs the form.

B. PART II: The information below requires the endorsement from the user's Supervisor or the Government Sponsor.

(13) Justification for Access. A brief statement is required to justify establishment of an initial USER ID. Provide appropriate information if the USER ID or access to the current USER ID is modified.

(14) Type of Access Required. Place an "X" in the appropriate box. (Authorized - Individual with normal access. Privileged - Those with privilege to amend or change system configuration, parameters, or settings.)

(15) User Requires Access To. Place an "X" in the appropriate box. Specify category.

(16) Verification of Need to Know. To verify that the user requires access as requested.

(16a) Expiration Date for Access. The user must specify expiration date if less than 1 year.

(17) Supervisor's Name (Print Name). The supervisor or representative prints his/her name to indicate that the above information has been verified and that access is required.

(18) Supervisor's Signature. Supervisor's signature is required by the endorser or his/her representative.

(19) Date. Date supervisor signs the form.

(20) Supervisor's Organization/Department. Supervisor's organization and department.

(20a) E-mail Address. Supervisor's e-mail address.

(20b) Phone Number. Supervisor's telephone number.

(21) Signature of Information Owne/OPR. Signature of the functional appointee responsible for approving access to the system being requested.

(21a) Phone Number. Functional appointee telephone number.

(21b) Date. The date the functional appointee signs the DD Form 2875.

(22) Signature of Information Assurance Officer (IAO) or Appointee. Signature of the IAO or Appointee of the office responsible for approving access to the system being requested.

(23) Organization/Department. IAO's organization and department.

(24) Phone Number. IAO's telephone number.

(25) Date. The date IAO signs the DD Form 2875.

(27) Optional Information. This item is intended to add additional information, as required.

C. PART III: Certification of Background Investigation or Clearance.

(28) Type of Investigation. The user's last type of background investigation (i.e., NAC, NACI, or SSBI).

(28a) Date of Investigation. Date of last investigation.

(28b) Clearance Level. The user's current security clearance level (Secret or Top Secret).

(28c) IT Level Designation. The user's IT designation (Level I, Level II, or Level III).

(29) Verified By. The Security Manager or representative prints his/her name to indicate that the above clearance and investigation information has been verified.

(30) Security Manager Telephone Number. The telephone number of the Security Manager or his/her representative.

(31) Security Manager Signature. The Security Manager or his/her representative indicates that the above clearance and investigation information has been verified.

(32) Date. The date that the form was signed by the Security Manager or his/her representative.

D. PART IV: This information is site specific and can be customized by the DoD, functional activity, or the customer with approval of the DoD. This information will specifically identify the access required by the user.

E. DISPOSITION OF FORM:

TRANSMISSION: Form may be electronically transmitted, faxed, or mailed. Adding a password to this form makes it a minimum of "FOR OFFICIAL USE ONLY" and must be protected as such.

FILING: Original SAAR with original signatures in Parts I, II, and III must be maintained on file for one year after termination of user's account. File may be maintained by the DoD or by the Customer's IAO. Recommend file be maintained by IAO adding the user to the system.
By signing this document, you acknowledge and consent that when you access Department of Defense (DoD) information systems:

- You are accessing a U.S. Government (USG) information system (IS) (which includes any device attached to this information system) that is provided for U.S. Government authorized use only.

- You consent to the following conditions:

  o The U.S. Government routinely intercepts and monitors communications on this information system for purposes including, but not limited to, penetration testing, communications security (COMSEC) monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.

  o At any time, the U.S. Government may inspect and seize data stored on this information system.

  o Communications using, or data stored on, this information system are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any U.S. Government-authorized purpose.

  o This information system includes security measures (e.g., authentication and access controls) to protect U.S. Government interests—not for your personal benefit or privacy.

  o Notwithstanding the above, using an information system does not constitute consent to personnel misconduct, law enforcement, or counterintelligence investigative searching or monitoring of the content of privileged communications or data (including work product) that are related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Under these circumstances, such communications and work product are private and confidential, as further explained below:

- Nothing in this User Agreement shall be interpreted to limit the user's consent to, or in any other way restrict or affect, any U.S. Government actions for purposes of network administration, operation, protection, or defense, or for communications security. This includes all communications and data on an information system, regardless of any applicable privilege or confidentiality.

- The user consents to interception/capture and seizure of ALL communications and data for any authorized purpose (including personnel misconduct, law enforcement, or counterintelligence investigation). However, consent to interception/capture or seizure of communications and

ENCLOSURE (2)
data is not consent to the use of privileged communications or data for personnel misconduct, law enforcement, or counterintelligence investigation against any party and does not negate any applicable privilege or confidentiality that otherwise applies.

- Whether any particular communication or data qualifies for the protection of a privilege, or is covered by a duty of confidentiality, is determined in accordance with established legal standards and DoD policy. Users are strongly encouraged to seek personal legal counsel on such matters prior to using an information system if the user intends to rely on the protections of a privilege or confidentiality.

- Users should take reasonable steps to identify such communications or data that the user asserts are protected by any such privilege or confidentiality. However, the user's identification or assertion of a privilege or confidentiality is not sufficient to create such protection where none exists under established legal standards and DoD policy.

- A user's failure to take reasonable steps to identify such communications or data as privileged or confidential does not waive the privilege or confidentiality if such protections otherwise exist under established legal standards and DoD policy. However, in such cases the U.S. Government is authorized to take reasonable actions to identify such communication or data as being subject to a privilege or confidentiality, and such actions do not negate any applicable privilege or confidentiality.

- These conditions preserve the confidentiality of the communication or data, and the legal protections regarding the use and disclosure of privileged information, and thus such communications and data are private and confidential. Further, the U.S. Government shall take all reasonable measures to protect the content of captured/seized privileged communications and data to ensure they are appropriately protected.

- In cases when the user has consented to content searching or monitoring of communications or data for personnel misconduct, law enforcement, or counterintelligence investigative searching, (Le., for all communications and data other than privileged communications or data that are related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants), the U.S. Government may, solely at its discretion and in accordance with DoD policy, elect to apply a privilege or other restriction on the U.S. Government's otherwise-authorized use or disclosure of such information.

- All of the above conditions apply regardless of whether the access or use of an information system includes the display of a Notice and Consent Banner ("banner"). When a banner is used, the banner functions to remind the user of the conditions that are set forth in this User Agreement, regardless of whether the banner describes these conditions in full detail or provides a summary of such conditions, and regardless of whether the banner expressly references this User Agreement.

Pentagon Reservation Permit Holder’s Acknowledgement Statement of Parking Responsibilities

The Pentagon is a secure and controlled facility. All vehicles accessing and parking on the Reservation must be identified by the permit holder’s name and vehicle tag number as stated in Administrative Instruction 88, subject, “Pentagon Reservation Vehicle Parking Program”. You have been issued a parking permit assigned to your name and vehicle license tag number. As a Pentagon Reservation permit holder, you are obligated to comply with the rules stated below as well as those in AI 88 and 32 CFR 234.18. Failure to comply will result in the issuance of violation notices, possible immobilizations, administrative actions, and if applicable, criminal sanctions. As a permit holder:

- I will keep parking data information, such as: mass transit benefit membership, work phone number, vehicle tag numbers, and car/van pool memberships current at all times with the Parking Management Branch (PMB), located in Room 2D1039 of the Pentagon. Vehicles not properly registered are subject to booting and or towing.

- I will return the assigned parking permit issued upon out-processing, retiring, expiration, leaving the agency, or upon a request of a PMB representative to PMB. I understand the permit is non-transferable to another individual and any such transfer subjects me to subsequent investigation and possible criminal sanction.

- Any modification, reproduction, or replication to the Parking Permit is prohibited. Violators are subject to administrative action and/or criminal prosecution and having their vehicle immediately booted at their own expense.

- I understand that I may be issued a Violation Notice for the first parking infraction, booted for the second violation, and booted with parking privileges suspended for the third infraction for such parking offenses listed below or set out in AI 88:

1. Displaying an expired Parking Permit.

2. Failure to display parking permit

2. Displaying a Parking Permit not issued to the vehicle it’s displayed upon.

3. Vehicles parked in a non-designated parking area for the type of Parking Permit displayed; i.e., a “C” Parking Permit parked in an “A” designated parking area.

VIOLATOR’S PARKING PRIVILEGES MAY BE SUSPENDED FOR AS MUCH AS ONE YEAR OR INDEFINITELY DEPENDING ON THE TYPE OF PARKING VIOLATIONS DOCUMENTED.

I have read and acknowledge my responsibility as a Pentagon Reservation permit holder upon the receipt of the assigned parking permit.

PENTAGON RESERVATION HANDICAP PROCEDURES
FOR PARKING

1. Obtain a formal letter on letterhead from your doctor addressing the following issues in accordance with "A.I.88, Pentagon Parking Program":
   - Whether the disability is permanent, and if not, how long the disability is expected to last.
   - Whether the disability prevents the use of public transportation. If so, how?
   - Whether the disability prevents participation in a carpool, either as an operator or as a passenger. If so, how?
   - What the limitations are, if any, or walking specific distances.
   - Why the increased walking distances from the carpool area might be incapacitating.
   - Any other relevant information supporting the request for an "H" permit.

2. The requestor must call the Health Unit at (703) 692-8803 to make an appointment for approval of handicapped parking permit. Civilians may call the Civilian Health Unit at (703) 692-8569 for an appointment.

3. The Health Clinic will issue you a form. If the form is for a permit less than 2 months, bring the form to the Parking Management Office, Room 2D1039, Concourse adjacent to the Post Office and a permit will be issued. If the form is for 3 months or more, call your appropriate agency parking representative (listed below) for further instructions and forms.
