(2) OPREP-3 SIR Reportable Events or Incidents
(3) OPREP-3 Reporting Contact Information
(4) OPREP-3 SIR Message Format
(5) OPREP-3 SIR Sample Message

Report Required: OP-3SIR, Event/Incident Report (Report Control Symbol EXEMPT), par. 3.b.

1. Situation. To publish policies and instructions for reporting events or incidents in accordance with Joint Reporting Structure.
2. Cancellation. MCO 5740.2F.
3. Mission. To standardize the policies, procedures, reporting requirements, and reports.

a. Reference (a) establishes procedures for a system of publications detailing standard reporting in DOD information systems. Additionally, reference (a) provides responsibilities of Joint Reporting Structure (JRS) participants, the procedures for maintaining, monitoring and reviewing the JRS, instructions, guidelines and standards to be used in the organization, and writing and promulgation of subordinate publications to the JRS.

b. Reference (b) establishes the OPREP-3 reporting system that military units at any level of command use to report significant events and incidents to the highest levels of command. References (c) and (d) establish the Marine Corps' management procedures. The OPREP-3 reporting is exempt from reports control under SECNAV M-5214.1, paragraph 7.g.

c. The categories of OPREP-3 reports are:

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

(1) Reports to the National Military Command Center (NMCC). This category includes any OPREP-3 report where national-level interest has been determined. The originator sends these reports directly to the NMCC with the flagword PINNACLE. Additional flagwords and the requirements for their use are outlined in reference (b) and listed in enclosure (1).

(2) Reports to the Services and Combatant Commands. This category includes any OPREP-3 used to notify the appropriate Service or Combatant command of a significant interest event or incident where national-level interest is not indicated or has not been determined. Services and Combatant commands monitor these reports for national-level interest. Reports with national-level interest will be transmitted to the NMCC and all Combatant commands with the flagword PINNACLE inserted into the identification line. Associated flagwords and the requirements for their use are outlined in reference (b) and listed in enclosure (1).

(3) Combatant Command and Service Reporting Systems. Combatant commands and Services may implement additional OPREP-3 reporting requirements that are not of national-level interest. The flagword PINNACLE will not be used in these reports. If the information is later determined to be of national-level interest, the report may be submitted to the NMCC without the PINNACLE identifier.

(a) OPREP-3 SIR (SERIOUS INCIDENT REPORT). This report provides the Commandant of the Marine Corps, through the Marine Corps Operations Center (MCOC), information on any significant event or incident that is not of national-level interest or otherwise reported under another flagword. Enclosure (2) is a list of reportable events and incidents. This list is a general guideline and is not all-inclusive.

(b) OPREP-3 NAVY BLUE (NB). This report provides the Chief of Naval Operations, through the Navy Operations Center, information on any significant event or incident that is not of national-level interest. When operating under the command of a senior U.S. Navy Headquarters, refer to reference (e).

(c) OPREP-3. This report provides the Chief of Staff of the Army, through the Army Operations Center, information on any significant event or incident that is not of national-level interest. When operating under the command of a senior U.S. Army Headquarters, refer to reference (f).

(d) OPREP-3 BEELINE (B) or HOMELINE (H). This report provides the Chief of Staff of the United States Air Force, through the Air Force Operations Center, information on any significant event or incident that is not of national-level interest. When operating under the command of a senior U.S. Air Force Headquarters, refer to reference (g).

4. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. To provide CMC and Senior Marine Corps Leadership with OPREP-3 SIR flagword reports for reportable events as listed in enclosure (2).

(2) Concept of Operations. OPREP-3 SIR reports and incidents will be reported as follows:

(a) Voice Report. Provide a voice report to the (MCOC) within 15 minutes of any event or incident, or within 15 minutes of becoming aware of any event or incident, reportable under this Directive. The voice report will include as much information as is available, but should at a minimum contain the date, time, location, unit/installation/personnel involved and a general description of the event or incident. Contact information for the MCOC is included in enclosure (3). In no case should the initial voice report be delayed past the 15 minute mark in order to obtain required or additional information; it is more important to report that the incident occurred than to report all information at one time.

(b) Message Report. Provide an OPREP-3 message report within 1 hour of any event or incident, or within 1 hour of becoming aware of any event or incident, reportable under this Directive. Message reports will be submitted in accordance with the format and sample provided in enclosures (4) and (5), and classified in accordance with its content. The initial voice report does not alleviate the requirement to submit a message report. Supplemental message reports will be submitted as required to make corrections and/or provide additional information.

1. For all reports, only the last 4 digits of SSNs will be submitted.

2. For reports involving incidents of sexual assault, only the rank, initials, and the last four of the SSN shall be used to identify the victim, witnesses and suspect (ie., no last names will be included).

3. Marine Corps units assigned or under the operational control of a combined, joint or other Service component headquarters will report in accordance with that headquarters' requirements and include CMC WASHINGTON DC PPO as an information addressee. Contact information for the respective Service operations centers is included in enclosure (3).

5. Administration and Logistics. Command activities submitting OPREP-3 to higher headquarters, the military services and The NMCC shall retain all reports per reference (c) and (d).

6. Command and Signal

a. Command. This Order is effective the date signed.

b. Signal. This Order is applicable to the Marine Corps Total Force.

OPREP-3 SIR REPORTABLE EVENTS OR INCIDENTS

1. Event or incident of a military or political nature, foreign or domestic, that involves Marine Corps personnel, units or installations that may result in a local or national official reaction, United States Congressional interest or media attention.
2. On-duty event or incident resulting in death or disability of Marine Corps personnel or civilians, or resulting in \$200,000 or more in total property damage. Commands should not delay reporting pending an official determination of disability or cost; if the incident has the potential to cross the threshold a report is required.
3. Event or incident associated with a Marine Corps operation or training exercise that results in death, or injury that results in lost time or reportable property damage.
4. Class A, B or C Aircraft Mishap. Commands must not delay reporting pending an official determination of the mishap class. If there is a potential for a "Class C" or greater mishap, OPREP-3 procedures must be initiated. In no case shall the command delay reporting pending notification of any intermediate headquarters.
5. Serious criminal event or incident that may result in foreign or domestic criminal jurisdiction over Marine Corps personnel and/or their dependent(s).
6. Event or incident of large scale civil disorder involving Marine Corps personnel, units or installations. Natural or destructive weather event or incident that threatens life, property, or severely delays or cancels an operation or training exercise.
7. Loss or compromise of classified information that may compromise operational plans.
Event or incident of actual or suspected covert action against any Marine Corps unit or installation.
8. The actual or presumptive diagnosis of any disease of potential epidemic significance or that may require quarantine.
9. The diagnosis of any disease or the extensive outbreak of any condition among Marine Corps personnel that may potentially degrade the operational readiness of a unit or installation.
10. Hazing event or incident that results in death, injury requiring hospitalization or significant property damage.
11. Racially or ethnically motivated discriminatory event or incident that results in death, injury requiring hospitalization or significant property damage, or adversely affects the equal opportunity climate of a unit or installation.
12. Things Falling Off Aircraft (TFOA).
