CDC POLICY MEMORANDUM 1.4A

Subj: DEFENSE SERVICES ORGANIZATION INSPECTION PROGRAM

Ref: (a) MCO 5800.16
(b) Article 6, UCMJ
(c) JAGINST 5803.1E

Encl: (1) Regional Defense Counsel Inspection Checklist
(2) Senior Defense Counsel Inspection Checklist
(3) Attorney Advisor Inspection Checklist

1. Purpose. To establish an inspection program for the Marine Corps Defense Services Organization (DSO) consistent with policies and procedures established by the Staff Judge Advocate to the Commandant of the Marine Corps (SJA to CMC) and to ensure the continued operation of the DSO as a functionally-independent organization.

2. Discussion

a. Reference (a) designates me as the Officer-in-Charge of the DSO. In this role, I exercise operational control of and general supervision over the professional development of Marine Corps judge advocates and support personnel performing defense functions. Reference (a) specifically tasks me with establishing standard operating procedures and standards of practice for the delivery of defense services throughout the Marine Corps. Reference (a) also tasks me with assessing the practices, procedures, and techniques of both defense counsel and support personnel in the performance of defense functions. This responsibility includes assessment of the facilities in which those functions are performed.

b. This policy establishes a vigorous inspection program to reinforce those standard operating procedures and standards of practice, exercise supervision of defense functions, emphasize DSO functional independence, and support the SJA to CMC in making "frequent inspection in the field in supervision of the administration of military justice," as required by reference (b). I intend for this program to be robust, transparent, and regular, yet executed internally from within the DSO compliant with Rules 1.3, 1.6, and 5.1 of reference (c).

3. Policy

a. Each DSO branch office and detachment will be inspected at least annually.

Subj: DEFENSE SERVICES ORGANIZATION INSPECTION PROGRAM

b. Annual inspections will typically be conducted in conjunction with the Article 6 Legal Services Inspection (LSI). However, the CDC may direct an off-cycle inspection of any branch office at the request of the SJA to CMC (or his/her designee), any SJA, Commander, Officer-in-Charge of a Legal Services Support Section (LSSS) or Legal Services Support Team (LSST), or *sua sponte*.

c. The CDC usually travels with the SJA to CMC during his/her Article 6 visits. Inspectors will travel to the inspection site in advance of the CDC, early enough to allow sufficient opportunity to prepare an after action report for the CDC's signature reporting out the result of the inspection in a manner compliant with reference (c). Upon approval and signature, the CDC will provide a copy of the report to both Officer-in-Charge of the LSSS or LSST, and to the SJA to CMC. The after action report will not contain any privileged information.

d. Inspectors will usually be drawn from the Office of the CDC and/or Defense Counsel Assistance Program, but may also include members of the DSO selected by the CDC from a different region than the regional defense counsel or branch office being inspected. Inspectors are specifically cautioned not to review any case files from any conflict cases during the course of their inspection. Inspectors will utilize the enclosure to inspect DSO branch offices.

e. The CDC will fund costs associated with travel and per diem associated with assigning members of the DSO selected by the CDC from a different region than the branch office being inspected.

4. Conclusion. CDC PM 1.4 is hereby canceled. This CDC Policy Memo is effective immediately.
