Lance Corporal Jesse Carrillo  
Convening Command: 1st Battalion, 5th Marine Regiment, 1st Marine Division headquartered at Camp Pendleton, California.  
Dishonorably discharged in 2020 or 2021.

I know that service members' records are, to an extent, protected by privacy laws but I am seeking an exception on the grounds that Lance Corporal Carrillo was convicted by a military judge of unlawfully transporting, for private financial gain, aliens who entered the United States illegally. The military judge sentenced Lance Corporal Carrillo to 118 days confinement and reduction to E-1 in November 2019.

Information I am seeking from the OMF and OMPF includes, but is not limited to Lance Corporal Jesse Carrillo's past and present positions, past and present titles, past and present grades, past and present job locations, dates of service, final duty status, final rank, assignments and geographical locations, source of commission, military education level, promotion sequence number, awards and decorations, transcripts and audio recordings of courts-martial trials, place of entrance and separation.

Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I know that service members' records are, to an extent, protected by privacy laws but I am seeking an exception on the grounds that the service member was convicted of human trafficking.

I believe it's in the public interest to disclose the available facts about Salazar-Quintero's service record.

Information I am seeking from the OMF and OMPF includes, but is not limited to full name, past and present positions, past and present titles, past and present grades, past and present job locations, dates of service, final duty status, final rank, assignments and geographical locations, source of commission, military education level, promotion sequence number, awards and decorations, transcripts of courts-martial trails, place of entrance and separation.

I am a member of the media working on a story for VICE. I have a proven track record of using FOIA information to break stories.

As such, I am requesting a media waiver on all fees.

-------------	-----	------	-------------------	---	-----------	------------------------------

The DOECS is mandated by FY13 National Defense Authorization Act and SECDEF MEMO of 6 MAY 2013, and mandated at the DoD level by the Defense Equal Opportunity Management Institute. For commands with more than 50 personnel, a DEOCS will be conducted within 120 days of assumption of command, and annually thereafter. In addition, Commanders are now required to conduct a close out DEOCS within 90 days of relinquishing command. Subordinate commands of 50 or fewer personnel will be surveyed with a larger unit in the command to ensure anonymity.

“Records” includes all documentation or communication preserved in electronic or written form, including but not limited to correspondence, documents, data, transcripts, video and audio recordings, emails, faxes, files, guidance, guidelines, evaluations, instructions, analyses, memoranda, agreements, notes, orders, policies, procedures, protocols, reports, rules, technical manuals, technical specifications, training manuals, studies, and other similar information.

The Requester understands that searches can produce duplicate documents. The Requester asks for only (1) set of documents maintained by the Department of the Navy. The Requester asks that responsive documents be released when they become available once undergoing agency review versus waiting for the full breadth of the FOIA request.

Greetings Ms. Hughes.

Regarding this request, please provide the following information on the Active Denial System (ADS) researched by the Joint Intermediate Force Capabilities Office of the U.S. Department of Defense Non-Lethal Weapons Program:

Please confirm the ADS's millimeter frequency wave output of 95 GHz and/or if another or multiple frequency band has been researched or implemented.

Please state the intended range of use for the ADS, as well as the wattage of the radiofrequency electromagnetic field produced at the target range.

As the ADS is suitable for operational deployment, please state when and where the ADS has been deployed (whether domestic or foreign), and if it has been used on the public or for military purposes. Please also state if the deployment was successful, and if any short term or long term negative consequences on the intended target(s) were observed. This summary should include any ill physical or behavioral effects beyond the documented second-degree burns noted in the Human Effects Advisory Panel independent assessment.

Thank you for your attention to detail in providing this information.

Respectfully,  
Brandon LaGreca

I have a question about numbers.

With the Rus invasion, there's been a lot of talk about how most of their combat troops have been committed to the totally not a war. Something like 150,00 deployed of 180,000 total combat troops.

I remember a few months back a report talking about the US having 100,000 actual combat troops, something about making the front line more lethal. I don't recall the article or I'd attach it here.

So, how many Marines in the USMC (Active and Reserve) are actually combat arms, in the traditional since? Not how many Marines are in an infantry division, or graduated Boot Camp; primary MOS infantry, armor, cavalry, gun bunnies, ADA, SF, Jedi knights, battle hobbits, or combat engineers?

I'm just curious, it doesn't have to be exact, I don't need it broken down by component or branch. Whatever y'all got on hand that'll be in the ballpark. If it has charts and graphs cool, if not cool. Scratch N' Sniff, Aroma of a Summer Barracks. Whatever. PDF, Word, Excel.

Thanks,  
-Sam.

2022-005593	Req	FOIA	Dr. Shaun Eide	Please provide the number of individuals discharged from January 2018 through the present date associated with each individual MOS and rank. (The reason for this date range is intended to include data amid the "War on Terror" and post exit from Afghanistan.  Ideally, it would be really great to have it broken down by month. Also, if individuals discharged may multiple MOSs, can you also provide a list of the total number of individuals discharged by month since January 2018.  The priority is #1 total servicemembers discharged by year by NEC since January 2018 and #2 discharge by month total number since January 2018.  The purpose of this list is to identify the density of individuals leaving the Marines with specific skill sets and trainings that can be used in the corporate workplace so we can make publically available the associated skills with the more densely represented discharged service members. If we are aware of the individuals who have been discharged, we can better provide research to support those who have been discharged.	3/11/2022	Full Grant

I would also like to request expedited review of this request under 28 C.F.R. Â§ 16.5(d)(iii), (iv) which compels expedited processing for a "matter of widespread and exceptional media interest in which there exist possible questions about the government's integrity which affect public confidence." In this case, my reporting has detailed that Conor Lamb, a candidate for The United States Senate in Pennsylvania, may have had conflicts of interest while adjudicating cases as a military prosecutor. The public then has an urgent need for media coverage of these matters before heading to the polls to vote in the 2022 Pennsylvania primary election.</p> <p>As a member of the news media writing for publications including The Nation, The New Republic, and the Intercept I request that all associated fees be waived.</p> <p>The requested documents will be made available to the general public, and this request is not being made for commercial purposes.</p> <p>In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. 2022-007666	Req	FOIA	Mr. Peter Eisler	<p>To Whom It May Concern, I am a journalist with the Reuters News Agency and I am writing to request certain records under the U.S. Freedom of Information Act (5 U.S.C. Â§ 552, et seq.) and any other applicable federal statutes. More specifically, I seek the following:</p> <p>â—Any records summarizing investigations and/or legal or administrative actions involving U.S. Marine Corps personnel who have been subject to allegations or findings that they engaged in prohibited political or extremist activities from Jan. 1, 2021 to the present. This would include but not be limited to case lists or case summaries, indictments, charging statements or related memoranda that provide basic information on the nature of the allegations or findings and/or any related charges or disciplinary actions related to those allegations or findings.</p> <p>â—This would include but not be limited to records, memos and other materials that the Marine Corps OIG provided to the DoD OIG for use in its December 2021 report titled Department of Defense Progress on Implementing Fiscal Year 2021 NDAA Section 554 Requirements Involving Prohibited Activities of Covered Armed Forces (DoD IG Report # 2022-042). That report can be found here: <a href="https://media.defense.gov/2021/Dec/02/2002902153/-1/-1/1/DODIG-2022-042.PDF">https://media.defense.gov/2021/Dec/02/2002902153/-1/-1/1/DODIG-2022-042.PDF</a>. (Note: see Table 2 on page 7 for a summary of the information provided by each serviceâ€™s OIG).</p> <p>â—For purposes of this request, we consider prohibited political or extremist activities to include but not be limited to cases involving:</p> <p>â—White supremacy or white nationalism (including the display or invocation of Nazi rhetoric or imagery, such as swastikas);</p> <p>â—Membership in or leadership of extremist groups, including but not limited to the Proud Boys, Oath Keepers, Three Percenters, Antifa, etc.;</p> <p>â—Participation or organization of demonstrations or meetings aimed at challenging, overturning or undermining the validity or legitimacy of local, state or federal elections;</p> <p>â—Activities that question or undermine the authority of public officials, including but not limited to the President and Vice President of the United States, military leaders and/or state and local officials.</p> <p>â—For each case documented in the requested records, we seek a summary of the underlying charges, any action taken (investigation, administrative action/discipline, charges under the Uniform Code of Military Justice, or charges brought in civilian courts), and the name, rank and service status of the service members subject to that action.</p> <p>Our goal is to make this request as simple as possible to speed your officeâ€™s response and minimize the administrative burden on your staff. A computer-generated list of incidents or case summaries may suffice in lieu of the specific records I have requested. If such a list is producible, I would consider limiting the scope of this request to that material.</p> <p>If you would like to discuss any options for such a modification â€” or if you have any other suggestions for modifying this request to facilitate quick production of the records â€” please contact me by telephone at (b)(6)</p>	4/27/2022	Partial Grant/Partial Denial

2022-008267	Req	FOIA	Mr. Robert S. Carlborg	Per the FOIA, I am requesting a copy of the records that list what is within the individual .psts provided to HQMC FOIA in response to PA/FOIA request DON-USMC-2017-004914. Per Title 5 Â§ 552(a)(3)(B) in making any record available to a person under this paragraph, an agency shall provide the record in any form or format requested by the person if the record is readily reproducible by the agency in that form or format. I request the response for the records be in .pdf form by adding each .pst as an Outlook Data File, then within the View tab in Microsoft Outlook, change the View to Compact, and add/remove the Columns within View Settings to Attachment, From, Subject, Received, Size. After completing this, sort the Received column from newest to oldest, take a screenshot, and provide as a .pdf. Secondly to this, add/remove the Columns to show Received, Size, To, Cc, and Bcc, sort the Received column from newest to oldest, take a screenshot, and provide as a .pdf. I request that each Column reflect the entirety of the information except that the Subject column be limited to 50 characters within the Format Columns of the View Settings. I am not requesting a copy of the emails or the attachments from the .psts but I request that these screenshots/.pdfs capture every record from each .pst as described. No search is required as all of these records are already in possession of HQMC.	5/12/2022	No Records

2022-009974	Req	FOIA	Mr. Adam Marshall	<p>Pursuant to the FOIA, I, on behalf of the Reporters Committee, request access to and copies of all letters and correspondence sent from your agency to FOIA requesters in fiscal years 2017, 2018, 2019, 2020 and 2021, that contain any of the following phrases (case insensitive):</p> <ul style="list-style-type: none"> <li>â€œneither confirm nor denyâ€</li> <li>â€œneither confirms nor deniesâ€</li> <li>â€œconfirm or denyâ€</li> <li>â€œexistence or nonexistenceâ€</li> <li>â€œexistence or non-existenceâ€</li> <li>â€œlevel nonâ€</li> </ul> <p>Please note that the Reporters Committee is not seeking (1) names, (2) addresses, (3) or contact information of any FOIA requester(s) that may appear on these requested records; such information may be redacted.</p> <p>Please also note that this request does not seek, and your agency need not produce, correspondence from your agency to FOIA requesters regarding administrative appeals.</p> <p>Finally, please provide the requested records in digital format via email to (b)(6)</p>	6/28/2022	Other; Unable to contact the requester
-------------	-----	------	-------------------	---	-----------	--

Alternative Basis for Satisfaction of this Request

Alternatively, the Reporters Committee will consider this request satisfied, and your agency need not produce the records requested in Section II, supra, if your agency provides the Reporters Committee with the following data:

- 1) The number of letters and correspondence sent from your agency to FOIA requesters each fiscal year from 2017â€“2021 (inclusive) that contain any of the above phrases (i.e., the number of Glomar responses issued by your agency in each fiscal year); and
- 2) An accounting of the FOIA exemption(s) cited in such letters and correspondence (i.e., the exemption(s) that the Glomar responses were tethered to).

In other words, if your agency provides accurate data on the number of Glomar responses it sends per fiscal year, along with the exemptions those responses were tied to, your agency need not produce the records requested in Section II, supra.

The Reporters Committee would also accept structured data showing individual responses (e.g., non-aggregated data) for fiscal years 2017â€“2021 (inclusive).

This alternative option is presented solely in an effort to simplify the collection of the data the Reporters Committee seeks. If your agency does not wish to engage on this alternative basis, please provide all records requested in Section II, supra.

If you have any questions about this alternative basis, or believe your agency has a proposal for a different alternative basis that would produce this data, please contact Adam Marshall via email or phone.

2022-011672	Req	FOIA	Mr. Timothy A Parkhurst	Our organization seeks the name, rank, unit and casualty date of all Marines killed in action who served as Scout Snipers, in all conflicts from WWII to the present day, whether or not the individual was serving as a Scout Sniper at the time of death. Scout Snipers can be identified in personnel records by assignment of the Additional Military Occupational Specialty (AMOS) 8541 or 0317. There may have been a different 3-digit designation for Scout Snipers during WWII and the Korean Conflict era. Individuals may also be identified by their assignment to sniper units (i.e. 5th Marines Scout Sniper Platoon during the Vietnam era, or 2nd Marines Scout Sniper Platoon during WWII), if such assignment was effective at the time of death. Our organization is building a permanent memorial to all Fallen Marine Scout Snipers to be placed in the Semper Fidelis Memorial Park at the National Museum of the Marines. The names of each fallen Scout Sniper will be permanently placed on this monument. No such monument currently exists to honor our fallen Scout Snipers, so it's very important to us that we have a complete and accurate accounting of all Scout Snipers who have been killed in action since WWII.	8/13/2022	No Records

I am seeking this data for the following Joint Bases: Joint Base San Antonio, Joint Force Headquarters-National Capital Region, The Pentagon, Joint Base Pearl Harbor-Hickam, Joint Base Lewis McCord, and Joint Base Langley-Eustis . I am also seeking the demand accommodation rate nationally for the percentage of demand in subsidized child care for military families that the DOD is accommodating. I am also seeking the data that has been publically removed from the militarychildcare.com website which tracks the average waitlist time by base and child age. The reports should include, by age group and by location, 1) the number of persons on each waiting list at the time of the report; 2) the average length of time spent on the waiting list over the previous year; and 3) the total number of persons over the previous year whose time on the waiting list exceeded DoD's 90-day goal with planned or recommended remediation actions. I am also seeking data on the number of childcare spaces by service at the time of this request. I need the data broken down by Army, Navy, Air Force, USMC, and Reserves. 2022-011982	Req	FOIA	Toshihide Kochi	<p>Marine Corps officials reportedly stated that there have been 10 incidents involving Marine Corps MV-22 Ospreys since 2010. We would like to know where and when these 10 accidents occurred, what caused each one, and if there were any injuries or deaths. The Breaking Defense reported the following. <a href="https://breakingdefense.com/2022/08/marine-corps-will-not-stand-down-mv-22-fleet-despite-air-force-move/">https://breakingdefense.com/2022/08/marine-corps-will-not-stand-down-mv-22-fleet-despite-air-force-move/</a> "Breaking Defense first reported on Wednesday that Air Force Special Operations Command had grounded all 52 of its CV-22 Ospreys due to an "increased number of safety incidents" involving an issue with the aircraft's clutch, including two incidents in within the past six weeks. A Marine Corps official told reporters the service has been training its pilots on how to deal with the clutch issue since first discovering it in 2010. The official said since that time, the V-22 program "meaning the Navy, Marine Corps and Air Force variants" have only recorded 15 incidents, and 10 of those incidents involved the Marines. None of the 15 incidents occurred on the Navy's CMV-22 variant. The military characterizes aviation mishaps by "classes," with each class representing specific injuries to the pilots and a dollar amount tied to the damage inflicted to the aircraft. The Marine Corps official could not immediately provide a breakdown of the 15 incidents based on class, but did say none were "Class A" the most severe rating associated with the loss of life. They added that none of the mishaps included a pilot being seriously harmed. (An AFSOC official previously told Breaking Defense that by their estimation, in many cases, both gearboxes and engines require replacements after the incident "making them Class A mishaps with damage in excess of \$2.5 million.)"</p>	8/22/2022	No Records

Delaying release of the information harms the public interest in knowing basic facts about an issue that has a matter of high public interest for several reasons:</p> <p>1) The chaotic and hurried withdrawal of U.S. troops from Afghanistan and the aftermath is newsworthy and of international interest and relevance, and the alleged actions of a U.S. marine against an Afghan family suggest a potentially extraordinary imbalance of power that would benefit from accountability and transparency;</p> <p>2) This request concerns alleged actions of the U.S. government, such as issuing official documents and playing a role in the adoption of an Afghan child to a U.S. marine that is being challenged in court as fraudulent. The role of the media is to hold the government accountable and understanding the ways in which the government was involved in this saga is critical to transparency.</p> <p>3) Additionally, court proceedings are actively underway to determine the fate of a three-year-old girl. The childâ€™s personal safety and wellbeing could be at stake if this request is not processed immediately. Notices were served 9/12 and hearings are upcoming.</p> <p>4) Finally, as the world's oldest and largest news organization, the AP is a credible requester.
