<p>Hi. My name is Anna Kucharz. I was a student at the University of Hawaii and am still working on a project which I was not able to complete about women rights, prostitution, and the U.S. Marines. It is my hope that you will help me with some of the information I need to complete this.</p> <p>If you can, please tell me how or where I can get the court details of all U.S. Marines who have been convicted of Articles 134 and 120 under the UCMJ from 2007 to the present. I specifically want to know how many people have been convicted under each article, the first and last names of those convicted, rank at time of conviction, the date the crime was committed, allegations and charges of accuser, punishment and sentencing details, mugshot, and current status (i.e. confined, released, etc.).</p> <p>I need to have information on all the cases for Article 134. Not just the prostitution and pandering, but all of them.</p> <p>Also, can you tell me if there is a public sex offender registry for military personnel and government contractors living and/or working on U.S. Marine Corps bases and installations worldwide? If so, where can I find this registry? If not, why? How can the public know which Marines or former Marines, active duty, reserve, discharged, or those awaiting discharge, find information about sexual offenses committed by Marines and the current status and whereabouts of those Marines?</p>

Dear FOIA staff:

Good morning. Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request a copy of all documents outlining alleged misconduct, abuse of power, or malfeasance by retired Marine Brig. Gen. Ronald Johnson, who left the service as director of the Operations Divisions, Plans, Policies & Operations, Marine Corps Headquarters, in July 2009. These documents include not only inspector general reports, but memos, letters and emails between senior officers about Johnson's departure from active-duty service.

As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information about allegations of corruption and mismanagement made against senior Marine Corps leadership. Information will be disseminated to the public by Foreign Policy magazine.

Release of the information is in the public interest because it will contribute significantly to public understanding of the military's senior leaders, and the decisions they make. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. All segregable portions of the documents should be redacted and released as they become available. I reserve the right to appeal your decision to withhold information or deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request.

I look forward to your reply within 20 business days, as the statute requires.

Thank you for your assistance.

DON-USMC-2014-003699	Privacy Act request					
Hello:						
Pursuant to the federal Freedom of Information Act, I request an addendum to my previously filed FOIA request, DON-USMC-2014-003337. In addition to the previously requested materials, I request a copy of all unclassified information sent through the Secret Internet Protocol Router Network between Marine Corps officials and related to its ongoing relationship with the independent Marine Corps Times. These officials include, but are not limited to: Gen. James Amos, commandant of the Marine Corps; Gen. Amos' staff; Gen. John Paxton, assistant commandant of the Marine Corps; civilian and uniformed officials with the Division of Public Affairs; civilian and uniformed officials with Manpower and Reserve Affairs; and civilian and uniformed officials with the Judge Advocate Division of the Marine Corps.						
As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information about allegations of corruption and mismanagement made against senior Marine Corps leadership. Information will be disseminated to the public by Foreign Policy magazine.						
Release of the information is in the public interest because it will contribute significantly to public understanding of the military's senior leaders, and the decisions they make. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. All segregable portions of the documents should be redacted and released as they become available. I reserve the right to appeal your decision to withhold information or deny a waiver of fees. While SIPRNet messages are sent over a classified network, it is widely known that much of the information exchanged could have been distributed via unclassified networks. That information should be released.						
DON-USMC-2014-003711	Daniel G. Lamothe	Foreign Policy magazine	03/07/2014	4	No records	Thank you for your time. I look forward to your response within 20 business days, as the statute dictates.

If possible, I would like the information to include details of the different benefits paid out by the U.S. Marine Corps to the families of deceased servicemen and women and the quantity and financial amount of those claims to be broken down please.

I am not looking for personal information about the servicemen and women who have served but request that ranks, states are included in the breakdown.

Please include the following:

- The number and breakdown of death gratuities paid to families on the death of a serviceman or woman by rank, gender, financial amount, date

Good afternoon,

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request a copy of all reports related to the command investigation into the death of a Marine gate sentry shot in the chest April 8 by a fellow sentry at the main gate of Camp Lejeune, N.C.

I also request reports or memos related to the weapons and safety protocols observed by Marine sentries at the time of the shooting .

Please include any endorsements of the investigating officer's report, addendums or attachments to the investigation report, and memos related to the investigation. This request also should include any multimedia materials including but not limited to photographs and audio or video recordings.

As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages for each death. Through this request, I am gathering information to explain the context of this death and the circumstances that permitted it to happen. This information is sought on behalf of Marine Corps Times for dissemination to the general public.

Release of the information is in the public interest because it will contribute significantly to public understanding of sentry safety protocols and because this incident has already been covered broadly in the national media. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I reserve the right to appeal your decision to withhold information or deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request. Please release it in a timely fashion as soon as next-of-kin notifications have been completed.

I look forward to your reply within 20 business days, as the statute requires.

Thank you,

Hi,  
 I am Norwegian journalist who is doing research on an arms sale which made between The Norwegian Army and the US Marines in 2012, where the latter party bought TOW-missiles from Norway. According to the Norwegian Defence Logistics Organisation (NDLO), the missiles were transported by ship from Norway in June 2012.

If you could provide me with documentation about the current location of these missiles, it would be very helpful for my research. The NSN/LOT-numbers of the missiles which were sold are listed below. If you need additional information about the sale and transfer of TOW-missiles, see attached documents.

Sincerely,  
 Kim Bredesen,  
 Journalist

Privacy Act release

Good afternoon,

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request a copy to all reports related to the Marine Corps investigation into a May 19 deadly accident in which a Marine crew chief attached to squadron VMPT-204, out of Marine Corps Air Station New River, fell out of the back of a V-22 Osprey and was killed.

Please include any endorsements of the investigating officer's report, addendums or attachments to the investigation report, and memos related to the investigation. This request also should include any multi-media materials including but not limited to photographs and audio or video recordings.

As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information to explain the causes for the deadly mishap as well as any follow-on actions the Marine Corps has opted to take. This information is sought on behalf of Marine Corps Times for dissemination to the general public.

Release of the information is in the public interest because it concerns a deadly aircraft mishap which has already been reported widely in the news. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I reserve the right to appeal your decision to withhold information or deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.

I look forward to your reply within 20 business days, as the statute requires.

Thank you,

Dear, FOIA Officer(s)

This is a request under the Freedom of Information Act(FOIA), 5 U.S.C. 552.  
Pursuant to the FOIA, I wish to obtain copies of the following materials.

(1) Below items containing the words "Aviation plan" or "Master plan" which has been drafted since FY2012 up to the final response to this request.

- (a) Power Point Files
- (b) Memorandum
- (c) Situation report

As for format, I prefer electronic basis.

In questionable cases the decision should be made to release rather than withhold and a good faith of effort should be exerted in all cases.

The part of those records are expected to be classified, however, the merits given by disclosure is so huge that I wishfully ask broad disclose in your response. As the problem we are facing is a classical dilemma of balancing accountability and national security. The way judgment USMC had made shall contribute the public understanding of the topic.

Sincerely,

Requesting information on Marine Corps fire protection vehicles.

My name is Peter Brock and I have been collecting data on military fire protection vehicles (apparatus) for more than 30 years. Recently retired as an Assistant Chief of the Raleigh, NC Fire Department I have always held the history of the fire service in high regard.

I am requesting a current roster of the fire apparatus within the US Marine Corps inventory. This would include the Marine Corps registration number, vehicle type, vehicle manufacturer, vehicle capacities (water tank, foam tank, pump size) and current base assignment. I have attached a copy of the database that I maintain for your review and understanding of my request.

I shall use this information for historical purposes. Some of my data dates back to the 1950's and reflects the historical portion of the US Marine Corps Fire Protection Vehicles. My research includes all branches of the DOD and I would be happy to share any and all documents on request.

Thank you,  
Peter Brock  
Raleigh, NC

During the 1990s, President Clinton and the first lady spent time in the VIP cottage at K-bay Hawaii. Upon their departure it was noted that several hundred dollars worth of items were missing. These items included bed sheets, pillow cases, plates, knickknacks, etc. The C.G. of K-bay was notified and instructed his personnel to request the White House return the items or pay for them. The White House response was straightforward—they would not return or pay for the items. I request all records, telecoms, memo's, documents, etc. related to this incident.

In 2009 he became a special liaison between the Marine Corps and US intelligence agencies.

Thank you.

This is a request for records associated with the denial of the FOIA request identified by control number MCRDSD -2013-00013.

More specifically I am requesting any records that were part of or reference the two-step analysis that was considered as part of the denial decision. As further clarification of my request I have attached Page 1 of the May, 2004, Department of Justice FOIA guide on the use of Exemption 7(A). The two-step process I am referring to is described in the first sentence of the second paragraph. I have added the bolding.

If exemption 5 can justify apply to the record(s) that are responsive to my request then I further request that the IDA consider the additionally attached pages 9 and 10 from the Department of Defense Agency Chief Freedom of Information Act Officer Report for 2014 in deciding on discretionary release after redactions for any information that qualifies for exemptions 2, 6, or 7. I have added the yellow highlighting and the underlining.

1. Is the USMC considering utilizing a 360 degree evaluation to replace the existing performance evaluation? Has the USMC investigated the use of this evaluation tool? If so, what reasoning supported the decision to no use this type of evaluation? (360 degree evaluations utilize input from the RS, subordinates, and peers.)
2. For FY13 and FY14, what was / is the number of O4, O5 and O6 on active duty? During each of those FYs, how many end or tour awards were awarded to each of those grades?
3. For FY13 and FY14, of the number of O3, O4 and O5s, what was the number of these officers that had been previously passed for promotion that were subsequently selected?

DON-USMC-2014-008987	Thomas J. Murphy Jr		08/16/2014	4	Full grant	I am seeking construction information about two locations. First, USN 835 in Gtmo on top of John Paul Jones Hill. Was there asbestos in the building, (which has subsequently been razed for the turbines). I was stationed there as a member of Company L, Marine Support Battalion, Naval Security Group in 1971. Second, as a member of the 3rd Special Security Comm Team with MWHS1, 1st Marine Air Wing, I spent a lot of time in the secure comm facility in which we operated. The team was at the MCAS Iwakuni, Japan and I was there in 1972. Likewise, was there asbestos used in the ssct comm center? This is important as it may help to explain some health problems I have been experiencing.  These were both soundproofed communications facilities, in which signal emissions were contained so as to not leak outside the center. Thank you very much Sincerely, Tom Murphy USMC 1970-76

<p>Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request a copy of all reports related to all relevant investigations into a Sept. 1, 2014 aircraft crash involving a Marine Corps CH-53E Super Stallion helicopter assigned to a 2nd Marine Air Wing unit as part of the 22nd Marine Expeditionary Unit. According to an official Navy release, the crash occurred in the Gulf of Aden as the CH-53E attempted to land on the USS Mesa Verde.</p> <p>Please include any endorsements of the investigating officer's reports, addenda or attachments to the investigation report, and memos related to the investigation. This request also should include any multi-media materials including but not limited to photographs and audio or video recordings.</p> <p>As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information to explain the causes for the CH-53 crash and the resulting actions that resulted in the rescue of the personnel aboard. This information is sought on behalf of Marine Corps Times for dissemination to the general public.</p> <p>Release of the information is in the public interest because it concerns the crash of a Marine Corps aircraft and an event that was covered by national news media. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I reserve the right to appeal your decision to withhold information or deny a waiver of fees.</p> <p>As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.</p> <p>I look forward to your reply within 20 business days, as the statute requires.</p> <p>Thank you,</p>

<p>Dear Sir or Maam,</p> <p>I would like to request data on the SAT and IQ test scores of officers entering the Marine Corps. My endstate is to write an article about trends in the intelligence of Marine Corps officers. To do that, I would like to be able to track the average SAT and IQ test scores of officers entering the Marines from year to year as far back as data is available. I know that I took an IQ test at The Basic School and that I had to submit an SAT score to enter OCS. As both of those would be under TECOM, I hope that you will be able to give me the averages that TECOM has recorded for both over the years.</p> <p>In terms of need and qualifications, I was an officer in the Marine Corps until 2013 and am currently pursuing a masters in international security. I wrote an article in the Marine Corps Gazette and plan on using the data I receive from you to write an article on force structure.</p>

Privacy Act request

This request only pertains to the IQ test scores. Response regarding SAT scores will be sent by MCRC.

Dear Sir or Maam,

I would like to request data on the SAT and IQ test scores of officers entering the Marine Corps. My endstate is to write an article about trends in the intelligence of Marine Corps officers. To do that, I would like to be able to track the average SAT and IQ test scores of officers entering the Marines from year to year as far back as data is available. I know that I took an IQ test at The Basic School and that I had to submit an SAT score to enter OCS. As both of those would be under TECOM, I hope that you will be able to give me the averages that TECOM has recorded for both over the years.

In terms of need and qualifications, I was an officer in the Marine Corps until 2013 and am currently pursuing a masters in international security. I wrote an article in the Marine Corps Gazette and plan on using the data I receive from you to write an article on force structure.
