To Whom It May Concern:

I am a Ph.D candidate researching the use of private military companies in Iraq, Afghanistan, Sierra Leone, and Balkans. I am doing a historical multi-case cross comparison of the use of private military companies as managers of conflict. My hypothesis is private military companies are a long term solution for the Units States Government. I am seeking maps, incident reports, conflicts engagement information, documentation, shooting incidents, reports written in favor of or against private military companies, or any maps and reports about those four conflicts involving private military companies. I am attempting to do a neutral unbiased analysis, and information, maps, or satellite imagery to show how they were utilized in combat, security, logistical, or any other role would be helpful. This is the only historical cross comparison analysis, so I want to make sure it is as accurate about those four conflicts.

The time period of my request is from 01/01/1974 to present

I am affiliated with an educational or noncommercial scientific institution seeking information for a scholarly or scientific purpose and not for commercial use.

Regards,

Chris Williams

DON-USMC-2015-000783	Pierre Sundborg		11/01/2014	Not an agency record	<p>On March 8, 1960, the Commandant of the USMC ordered Commander of MARTC that a member of his command (yes -- it's the no-good Lee Harvey Oswald) "be discharged in accordance with paragraph 10277.2.f of MarCorMan". For a book I am writing, I need to see all of section 10277 of the Marine Corps Manual that was in effect on March 8, 1960. On the Web I have found "Marine Corps Manual / 1949 / Volume I / Personnel and General Administration / USGPO / 1949", which on its page 10-40 has "10277 Discharge for Reason of Unfitness". It has "1. The Commandant of the Marine Corps may direct the discharge of an enlisted person for unfitness." followed by "2. Discharge by reason of unfitness for any cause, regardless of circumstances attending, will be effected only on instructions of the Commandant of the Marine Corps." followed by almost a full column of words -- but there are no sub-paragraphs under 10277.2. That was the basic manual of 1949, before revisions and updates. I very specifically need to see the revised and updated words in effect for 10277.2.f on March 8, 1960. I will be happy to clarify by Email or phone or USPS mail, and will pay any reasonable fee you may encounter in answering this. In advance -- Thank you!</p>

Based on your advice in the previous email, I am re-submitting this request. Pursuant to the FOIA, I wish to obtain copies of the following materials.</p> <p>(1) The newest 'FY2015 Marine Aviation Plan book' which has been drafted by last month.</p> <p>As for format, I prefer electronic basis. If not, hard copy would be acceptable.</p> <p>In questionable cases the decision should be made to release rather than withhold and a good faith of effort should be exerted in all cases. If you assert that any of the requested records are exempt from mandatory disclosure under FOIA, I request that you disclose them nevertheless, as such disclosure would serve the public interest of this matter.</p> <p>The part of those records are expected to be classified, however, the merits given by disclosure is so huge that I wishfully ask broad disclose in your response. As the problem we are facing is a classical dilemma of balancing accountability and national security. The way judgment USMC had made shall contribute the public understanding of The U.S.-Japan alliance.</p> <p>In order to help you determine my status for the purpose of this request, you should know that I am a reporter on news media NHK representative in Iwakuni, JAPAN. Privacy Act request

Good Afternoon,  
 Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request a copy of all Marine Corps Inspector General reports related to a military investigation into the conduct of Col. Todd Desgrosseilliers, formerly the commanding officer of The Basic School, (b)(6)  
 (b)(6)

As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages.. Through this request, I am gathering information to explain the actions of Col. Desgrosseilliers and any evidence of whistleblower reprisal based on those actions. This information is sought on behalf of Marine Corps Times for dissemination to the general public.

Release of the information is in the public interest because of Col. Desgrosseilliers position of prestige and authority and because allegations of whistleblower reprisal were substantiated by the Marine Corps Inspector General.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I reserve the right to appeal your decision to withhold information or deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.

Thank you,

DON-USMC-2015-003197	Tessa Poppe		02/05/2015	Full grant	<p>The information I request concerns combat action awards and medals given to women during OIF and OEF to date. I request that the data include each female Marine's MOS, what type of medal they were awarded, the year, and the conflict (Iraq or Afghanistan), if possible. In this data please include totals as well (for example, total female Marines who won the Purple Heart, Navy Cross, etc.)</p> <p>Please put data in an Excel format delineating between OIF and OEF figures. Please give grand totals of each award as well.</p> <p>The second question and request is how many female Marines have been Killed In Action to date in each conflict, delineating between conflict (Iraq and Afghanistan) and what their MOS was. And How many have been wounded in action, again, delineating between OIF and OEF and what their MOS was. Please also include totals and grand totals. (i.e. grand total of women WIA and KIA in Iraq and then Afghanistan). Grand totals for each MOS represented, if at all possible.</p> <p>The combat awards I am referring to is any medal awarded to a Marine for bravery or action related to combat to include the Navy Cross, Silver Star and Bronze Star (with and without Valor), Purple Heart, and Marine Corps Commendation Medal awarded for combat gallantry or combat related actions.</p> <p>Thank you sincerely for your efforts.</p>

DON-USMC-2015-003227	Brian Adams	USMC	02/06/2015	Partial grant/partial denial	<p>Good afternoon, I am currently writing my Master's of Military Studies (MMS) at the Marine Corps Command &amp; Staff College on "Intangible Benefits of MCMAP." One area that I am exploring is whether MCMAP (Marine Corps Martial Arts Program) positively impacts resiliency. My data request entails the MCMAP belt level the Marine possessed at the time of suicide (or suicide attempt). For example, if there were 100 suicides and 73 were by Tan Belt holders, 15 by Gray Belt holders, 10 by Green Belt holders, 2 by Brown Belt holders, and 0 by Black Belt holders, then there may be evidence to support that prolonged training in MCMAP positively contributed to resiliency of the practitioner. If possible, I would like this data for the time period of 2003-2013. Thanks in advance for any assistance and please let me know if I can clarify the intent any further. v/r Maj Brian Adams, USMC</p>

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request a copy of the Marine Corps investigation into a May 19 deadly accident in which a Marine crew chief attached to squadron VMMA-204, out of Marine Corps Air Station New River, fell out of the back of a V-22 Osprey and was killed.

Please include any endorsements of the investigating officer's report and memos related to the investigation.

As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information to explain the causes for the deadly mishap as well as any follow-on actions the Marine Corps has opted to take. This information is sought on behalf of Marine Corps Times for dissemination to the general public.

Release of the information is in the public interest because it concerns a deadly aircraft mishap which has already been reported widely in the news. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I reserve the right to appeal your decision to withhold information or deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.

I look forward to your reply within 20 business days, as the statute requires.

Thank you,

As a result, this request is mainly for educational purposes for my Administrative Law class. If it is possible, I request data on the many military training camps on the U.S. In addition, the names of all the special teams that the Marine Corps offers to people who are interested in a military career. I am very curious on how many camps are their in the U.S and the special teams that the Marine corp offer to compare the other special teams within the Navy, Army, and Air Force. Lastly, I request data on the total number of individuals who enlisted in the Marine for last year. It would be interesting to see how many people sign up for the Military service and compare them to this year. In conclusion, thank you for giving me an opportunity to send this request and hopefully receive the data that I requested.</p>

Dear FOIA Officer,					
I am requesting all materials related to, concerning, and regarding Operation Red Wings, which took place in June 2005 in Kunar Province, Afghanistan. This includes, but is not limited to, after action reports, communication transcripts, internal emails, autopsy reports, and subsequent investigation materials. I am particularly interested in any materials related to Navy SEAL Danny P. Dietz Jr, from SEAL Delivery Vehicle Team 2. I initially contacted Naval Special Warfare, who directed me to U.S. Central Command, where I filed a FOIA. U.S. Central Command advised me to file a FOIA with U.S. Special Operations Command, which I did. This morning, U.S. Special Operations Command directed me to file a FOIA with you.					
I'm a senior editor with 5280 magazine, Denver's city magazine for more than 20 years, and I'm working on a story about Navy SEAL and Coloradan Danny Dietz. As the 10th anniversary of Dietz's death approaches and as the US leaves Afghanistan, it seems an appropriate time to remember Dietz. Since differences in some of the details about this mission have been widely reported, we would like to ensure our story is as accurate as possible.					
If you have any questions regarding this request, please contact me at 503-333-9655 or kasey@5280.com. I look forward to receiving your response within the 20 day statutory time period. Thank you for your consideration of this request.

Dear Sir or Madam,

I was hoping to obtain information about the General Classification Test, or GCT. I know that it is still given to Marine Corps officers at The Basic School. I wanted to confirm that the current test is the same as the test that was designed and administered in World War 2. Are the scores normalized from year to year? Or can I compare scores from across years? (i.e., that a 130 in 2010 is the same as a 130 in 1980). I'm asking this in preparation for an article about manpower.

Thank you,  
Matthew Cancian

Tucson PD requests any disciplinary records for (b)(6)

I respectfully request

- 1) The Service Member's medal and decoration citations for the period of 31 July to 16 October, 1944.
- 2) Unit citation of the third amphibious corps, third corps artillery, 8th 155 mm Gun Battalion, battery unknown

while service in the 8th 155 mm Gun battalion, Third Corps Artillery, Third Amphibious Corps During the period of 31 July 1944 and 16 October, 1944; the Battle of Pelelieu, Western Pacific campaign. I do not know which battery at Pelelieu. Service Member is Sargent Charles E. Fitzpatrick (372021).

Sargent Fitzpatrick was wounded in action and embarked on the U.S.S. Virgo on 30 September 1944 bound on October 4th 1944 for San Francisco where he was hospitalized at The U.S. Naval Hospital, Oakland Ca. as you can see, his pay increased dramatically during that period, assuming this to be hazardous duty pay.

Having received his records from St. Louis, there appears to be missing pages. Only two pages of short citation notes were included. I am advised that the Military Awards Branch at the headquarters of the USMC in Quantico may have additional information as well as a thorough review of his service records. The Historical Reference Branch of Marine Corps History Division may have the unit citations as well.

Thank-you  
Sincerely,  
John Fleming

The only data necessary for this research are the number of contracts signed by new enlistees for every month between May 1985 to May 1988, tabulated by state, high school graduation status and AFQT score or category ranking. I would like the data to be in a format able to be manipulated by statistical software, such as a CSV data file, Excel sheet or a SAS data file, but any means of obtaining the data is preferable to none at all. DON-USMC-2015-006289 Privacy Act request

This is a Freedom of Information Act Request. I am a researcher at the University of California, Berkeley. I am requesting all records of USMC Physical Fitness Tests that have been electronically documented (going back as far as possible). I am interested in tracking individual soldiers' performance over time and in different locations to research the effects of temperature on physical performance. In order to do this, I am interested in a database that includes: An ID number, uniquely identifying each person in the database (this can be anonymous and does not need to be usable outside this database); a rank, military occupation, gender, and age for each person; a date and location (as geographically specific as possible) for each PFT each individual took; and a score (broken out into categories if possible) for each test.

Re: I am requesting the following information as evidentiary facts, so if your office could send me the number of officer as permanent officer in the United States Marine Corps for the years, 1982-1990, about the rank of Major, it would be deeply appreciated, with a breakdown by their ethnicities, such as Asian, Polynesian, Arabs, Central American, Native American, in comparison to other qualified as European American from the Carcass Mountain or Caucasian!  
This information will be of the utmost instrumental in a due process issue for the fact at the timeline in question, 1982-1990, broken down yearly during that time period.  
I would also like that fact surrounding the officer's brought in per year during that period below the rank of Major, from 2nd Lieutenant through Captain, on an annual basis for each year from 1982-1990, yearly!

I respectfully request any and all reports, interim reports, and other correspondence, memorandums, email, and any other documents related to this investigation of 41 photographs of Marines burning and mutilating bodies of insurgents in Fallujah in 2004. The existence of these photographs was first reported by TMZ, on 15 Jan 2014. <http://www.tMZ.com/2014/01/15/iraq-soldier-bodies-on-fire-marines-investigation-military-photos/>

According to a CNN story on the same date, 15 Jan 2014, the Department of Defense stated, "The Marine Corps is currently investigating the veracity of these photos, circumstances involved, and if possible, the identities of the service members involved. The findings from this investigation will determine whether we are able to move forward with any investigation into possible wrongdoing." <http://www.cnn.com/2014/01/15/us/iraq-war-photos/>

As of the date of this FOIA request, a total of 1 year, 5 months, and 18 days has elapsed since the Department of Defense announced that the Marine Corps initiated an investigation into these alleged violations of the Law of Armed Conflict, specifically Geneva Convention IV, Article 16 and Additional Protocol I, Article 34(1).

I am making this request to ensure the public has access to these documents. As explained in my request for a Fee Waiver, I intend to use these document to write a scholarly article about the U.S. military's, and the Marine Corps, adherence to the Law of Armed Conflict. This article will be made available to the general public.

If it is determined that the report is subject to FOIA Exemption 7(D), I request any and all updates and request for extensions related to the investigation be produced. These updates can be produced without interfering with the underlying investigation.

Records Sought Under the FOIA. For the government official identified as Robin Patterson Head, Department of the Navy (DON) PA/FOIA Program Office, Office of the Chief of Naval Operations 2000 Navy Pentagon Washington, DC 20350-2000, I am respectfully seeking performance standards to include critical elements and employee grade and step for the current open rating period and the most recent completed rating period. Note that I am not seeking the employee or supervisor assessment under the performance standards. Other agencies, including Department of Navy elements, have freely released this information for their personnel without charge.

Background. The redacted and incomplete performance standards for Ms. Patterson at enclosure (1) were released in response to a recent FOIA request. The release is (inappropriately) redacted for grade and step citing exemption B (6); however, release of employee grad is specifically authorized by DoD 5400.11-R, May 14,200, C4.2.2.5 .1.1.3. Present grade. In addition, Part F (page 9 of 29) states that there are three critical elements: MANAGE DON FOIA PROGRAM, MANAGE DON PRIVACY PROGRAM and SUPERVISORY, but no critical elements are contained in Part E. I am specifically seeking records that contain the critical elements and employee grade and step. Enclosure (2) contains the Part E Critical Elements for the NMCSO FOIA/Privacy Officer, one of many such records released under the FOIA. Enclosure (2) is provided as an example of the information that I am seeking for Ms. Patterson. I am also seeking the performance standards for the prior rating period completed in 2014. This is not a duplicate request. I am seeking records that have not been released.

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request a copy of all official Marine Corps correspondence and memoranda related to the Marine Corps investigation into a series of photos allegedly depicting Marines burning bodies in Fallujah in 2004, published to the Website TMZ Jan. 15, 2014.

This request should also include memos related to disposition of the investigation and officials assigned to it.

As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information to explain the origin of these photos as well as the Marine Corps' handling of the case. This information is sought on behalf of Marine Corps Times for dissemination to the general public.

Release of the information is in the public interest because it will contribute significantly to public understanding of the circumstances surrounding the photos and because the images have been featured broadly in the news media. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I reserve the right to appeal your decision to withhold information or deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.

I look forward to your reply within 20 business days, as the statute requires.

Thank you,

Hope

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request of all documents related to the research of the Ground Combat Element Integrated Task Force. The Marine Corps just released a four-page executive summary of its research, and indicated that hundreds, if not thousands, of additional documents will be ready for release soon. They are of significant interest to the public as the military considers the 2013 decision to more fully integrate women in combat units. As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information about a story that has generated widespread interest on Capitol Hill, in the Pentagon and among the general public. Release of the information is in the public interest because it will contribute significantly to understanding about how the Marine Corps has assessed the combat effectiveness of gender-integrated units. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. All segregable portions of the documents should be redacted and released. I reserve the right to appeal your decision to withhold information or deny a waiver of fees.
