I would like to receive the information in electronic format. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on Distinguished Service and Silver Star medals issued without public notice since Sept. 11, 2001 that is of current interest to the public because it is my understanding that hundreds of them have been awarded without public notice. This information is being sought on behalf of USA Today for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. The existence of hundreds of the military's most prestigious honors is not known to the public. Last month, the Pentagon announced that it would review these commendations to determine if they should be upgraded. DON-USMC-2016-005012	Request	Omar Feliciano	04/01/2016	Closed	Other - Unable to contact the (b)(6). I am currently working on a thesis that looks into marriage rates of military personnel. I would like a random sample of current active duty military members with the following categorized information: Marital Status, Age, Level of Education, Rank (enlisted and officer). The raw data is needed to run a regression model. The ideal sample size would exceed 1000 personnel. I just need the data separated for each individual service member so the regression can account for trends in the variables. Simply using the averages or number of respondents from survey reports will not suffice. The data can be emailed if possible. I wrote zero in the fees but if it must be printed, will you please call or email prior to closing the request.

DON-USMC-2016-005996	Request Edward Blum	05/02/2016	Closed	No records	

This is a request under the Freedom of Information Act. I request that documents related to the following subject be provided to me: The latest policy document of the Motion Picture & TV Liaison Office Office of U.S. Marine Corps Communication for determining when fees should be charged by the Marine Corps in providing support to entertainment industry projects and how those fees are collected. Gizmodo's interest in obtaining this document is to inform the public about the ways in which government agencies interact and lend credibility to film and TV productions dealing with various agencies, especially as it relates to science and technology. The real-world impact of how organizations like the the CIA influence society's understanding of science and technology have been examined at length in academic papers and books. I would refer you to just three examples such as Reel Reality: Science Consultants in Hollywood by Scott Frank (2003), the book Lab Coats in Hollywood by David A. Kirby (2013), and the book Sailing on the Silver Screen: Hollywood and the US Navy by Lawrence Suid (1996). I can provide further academic journal articles at your request. Gizmodo's job as a media outlet that reaches 35 million unique Americans each month (72 million globally) is to inform our readers about how science, technology, and government agencies affect their lives. My role, as a reporter working on stories about how Hollywood has historically affected the real world through depictions of science, technology, and government, is to sometimes give readers a look at how that may be happening in a contemporary setting. My goal with this request is to give readers a better understanding of how the depictions of US interests related to the military that they see in media may or may not be affected by the the Marine Corp's advisory role.

FOIA FOR USMC MILITARY RECORDS: (b)(6)

I am seeking verification of the claims of Anthony T. O'Brien regarding his military service. He is running for a paid political office and I believe he is making false statements in an attempt to garner votes. The following claims are taken from his website anthonyobrien.com: In the Marines, Tony served as an infantry platoon commander with 1st Battalion, 5th Regiment then as a recon platoon commander with 1st Recon Battalion at Camp Pendleton CA, received the French Fourragere Award & Navy Achievement Medal for his leadership of combat units that deployed throughout Asia on contingency operations working closely with foreign military units, and attended Mountain Leaders Course at Pickle Meadows CA, Navy Diver School in San Diego, Army Airborne Course & Army Jumpmaster School at Ft. Benning GA, and Submarine Diver Operations Supervisor Course trained by the Navy SEALs. His infantry battalion was also a quick-reaction unit for middle east operations. His recon platoon were 'extras' in the Clint Eastwood Marine Corps movie Heartbreak Ridge. Then he served at USMC Bootcamp Parris Island SC as a series commander, battalion adjutant & battalion executive officer, received the Meritorious Unit Citation and Navy Achievement Medal for his supervision of Drill Instructors training recruits in a highly-demanding curriculum, and was a member of his battalion marksmanship team that competed in division shooting matches. FOIA FOR MILITARY RECORDS: (b)(6)

My name is Shaun Raviv and I am a freelance journalist based in Atlanta, GA. I've written for The Atlantic, Foreign Policy, The New Yorker, and other publications. This is a request under the Freedom of Information Act. According to the JAGMAN's investigations handbook, Copies of all death investigations involving Marines must be routed to Headquarters, U.S. Marine Corps. I am researching line of duty and misconduct investigations and am requesting the following: • The number of formal line of duty (LOD) investigations that have occurred per year as far back as records will go. • The number of LOD investigations that were designated injury, disease, illness, and death, respectively. • For each of these categories, how many were declared to be caused by intentional misconduct or neglect? • For each category and each answer to question 10e, how many were found mentally sound? • For each of these, how many were found in the line of duty, not in the line of duty not due to own misconduct, and not in the line of duty due to own misconduct? I am willing to pay up to \$100 for the processing of this request, though as a member of the media disseminating information to the public, I request a fee waiver. Please inform me if the estimated fees will exceed the \$100 limit before processing my request. If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of I would like all information on the involvement of (B)(6) in the United States Military. As well as any other records found involving (B)(6) Specific concerns are records involving Officer Candidate School in 2012, medical records, active duty records, discharge records.

DON-USMC-2016-006943	Request Jeff D. Schogol	06/03/2016	Closed	Full denial based on exemptic	Pursuant to the Freedom of Information Act, I'm writing to request a copy of records concerning or the members of the Fiscal Year 2016 U.S. Marine Corps Brigadier General Promotion Selection Board, which met on Sept. 30, 2014, and the names of the colonels whom they selected to advance to brigadier general. My request would include, but not be limited to, the summary investigation report and any related endorsement letters, photographs, memos, emails, audio files and videos. On January 5, 2015, Navy Secretary Ray Mabus was notified that one of the selection board members was related to one of the eligible officers considered for promotion -- SEE ATTACHMENT. Mabus determined that the board was conducted contrary to the guidelines he had established. At his order, a new promotion board was convened in February 2015. Given that the secretary of the Navy ordered a brigadier promotion board to reconvene with new selection board members, we at Marine Corps Times consider this information to have significant public interest. Can you please provide me with a copy of the service record of former Marine Kenneth Franklin Gadson, 32, (B)(6) He stands accused of murder here in Okinawa. The information I am particularly interested in from those records is as follows. I am hoping you can include it: His hometown, where he joined the Marines, what the date of his entry was, his MOS, when he went to boot camp. I am hoping you can tell me each duty station he served at, the command name, location, and his job at the command. His LinkedIn profile lists him serving from 2007 to 2014. We know he was stationed in Okinawa obviously. We also know he was stationed in Washington DC. Can you please provide us with the name of the commanding officer from each of those commands. Can you please provide us with any infractions or marks in his record that were negative. Likewise, can you provide us with any commendations or ribbons, promotions, etc. If he was an expert marksmen, please provide that. Did he receive a pistol qual. Please provide that. His LinkedIn page states he was a combat marksmanship coach in 2012. If you could provide the actual documents, that would be extra helpful, so we could see why he was promoted or recognized or punished. Can you also provide us with a copy of his discharge paperwork. Thanks much. 2. Was Gadson ever flagged for mental problems while in the Corps? 3. Did he undergo counseling for mental health or for aggression? 4. Was he ever accused of being mentally unstable or unduly aggressive? 5. Was it ever suspected? 6. Was he

I am making this request as a "media" requester. I am looking to obtain copies of any briefings members of Office of the Deputy Commandant for Aviation presented over the course of a four-day long industry day event in November 2012. According to a recently released Justification and Approval document regarding F-35 modifications (See: https://www.fbo.gov/spg/DON/NAVAIR/N00019/N00019-14-G-0020-5516/listing.html), the F-35 JPO held the meetings "to foster competition in selected F-35 sustainment areas." If an exemption applies, I ask that Headquarters, Marine Corps please consider exercising the agency's discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick
