18-000356	FOIA	Lena Felton	Pursuant to the federal Freedom of Information Act, 5 U.S.C. &sect; 552, I request access to and copies of records of flight logs, sorties, and/or fuel consumption rates for the Marine Corps HMX-1 (Helicopter Squadron) for both 2016 and 2017 (to the latest available record). We are interested in finding out if this administration, including the Secretary of Defense and Joint Chiefs of Staff, use HMX-1 less, the same, or more than the administration under Barack Obama. We are looking for any records of flights taken, specifically by administration officials, that would help us answer this question. This is also why we need access to both 2016 and 2017 records, so we can directly compare the two administrations. Following the news that broke a couple of weeks ago that Secretary of Health and Human Services Tom Price ( <a href="http://www.politico.com/story/2017/09/21/tom-price-private-charter-plane-flights-242989">http://www.politico.com/story/2017/09/21/tom-price-private-charter-plane-flights-242989</a> ), Secretary of the Interior Ryan Zinke ( <a href="http://www.politico.com/story/2017/09/28/ryan-zinke-charter-military-planes-interior-243280">http://www.politico.com/story/2017/09/28/ryan-zinke-charter-military-planes-interior-243280</a> ) and Treasury Secretary Steven Mnuchin ( <a href="https://www.nytimes.com/2017/10/05/us/politics/mnuchin-military-flights.html">https://www.nytimes.com/2017/10/05/us/politics/mnuchin-military-flights.html</a> ) have spent hefty amounts of money in their use of government jets, we at The Atlantic believe it is our duty to look further into how the administration uses government transportation. Under the Freedom of Information Act, I request a copy of the following documents [or documents containing the following information] be provided to me: 1. During the Mayaguez Incident in May 1975, three Marines were left behind on Koh Tang island in Cambodia. Their names are as follows, Marine Pvt. Danny Marshall, Marine Pvt. 1st Class Gary Hall and Marine Lance Cpl. Joseph Hargrove. They were from Echo Co., 2-9. I recently requested their personnel files from NPRC. I was told the following: "The military record was loaned to the US Marine Corps and has not yet been returned to the National Personnel Records Center. We are forwarding your request to that agency." Then on a separate sheet it says " (b)(6) Quantico advised that they have the record." I am requesting the three personnel files for Hargrove, Hall and Marshall. 2. I also recently requested the command chronologies from 2-9 and all other Marine unit records from the Mayaguez Incident in the possession of the National Archives. 18-003838	FOIA	Todd Schmidt	In accordance with the Freedom of Information Act, I respectfully request the following information: Statistics that reflect the size of the U.S. Marine Corp's Office of Legislative Affairs Office, staff and budget for all years, by year, that statistics are available. I request this data to include those assigned on active duty, as well as Civilians, Contractors, as well as through internship programs. I am gathering this data for research as a doctoral student at the University of Kansas, Department of Political Science. The intent of the research will be to attempt to determine relationships between the number of DOD members involved in congressional relations and the success and tenor of national security and defense policy advocated by DOD. Thank you.	USMC HQ	Full Grant

18-004015	FOIA	Jonathan D Winkie	I am seeking all records related to the USMC's cooperation with commercial film studios during the period 01JAN1947-01JUN1955. I am not interested in records about newsreel shorts or documentary films -- I am only requesting documents related to the USMC providing production assistance to Hollywood feature films during that timeframe. This interest also extends to records concerning feature films that were denied USMC assistance, such as Beachhead (1954). It is my understanding that these records were housed at the LA Public Affairs office as of the early 2000s. The records I am requesting will include (but are not limited to) correspondence between USMC officials and film studios, correspondence between USMC officials regarding films, correspondence between USMC officials and DoD film office officials, internal USMC memoranda regarding both the decisions to provide support to films and the way that this support played out, and draft scripts submitted to USMC officials for review. I am requesting these documents in electronic format, if feasible. These records are to be used exclusively for scholarly purposes -- I am a graduate teaching assistant/Ph.D. student affiliated with the University of North Carolina and can provide verification upon request. In Sack v. DOD, No. 14-5039 (D.C. Cir. 2016), the D.C. Circuit Court of Appeals ruled that students are to be treated as "educational-institution requesters" and only be charged fees for document reproduction. Because I plan to use these documents for coursework, my masters' thesis, and my eventual doctoral dissertation, I request that I be assessed only reproduction fees as an educational-institution requester. 18-004106	FOIA	Ms. Carol Zhang	My name is Carol Zhang with McKinsey & Company and my team is working on developing some research on women pilots to shine light on and help alleviate the gender disparity that exists in the airline industry. We are in early stages of our project and are starting by compiling a fact base that captures the gender breakdown at different points along the women pilot pipeline today. To do this, we are hoping to work with military entities to get a clear view of the status quo as the military is a substantial source of airline industry pilots. Specifically, we are looking for data that illustrates the gender split and how it evolves through the Marines pilot journey. Ideally, we could get 3 types of information: 1. Women pilot %s by pilot type/certification types in the active Marines 2. Statistics on women cadets and men cadets as they go through schooling e.g. matriculation, attrition and graduation rates 3. Statistics on where women pilots and male pilots go after the Marines We would be interested in looking at data from as early back as possible (early 2000s would be ideal) to present day. Please let me know if this is possible and if anything is unclear. Thank you for your time! Best wishes, Carol Zhang	USMC HQ	Records Not Reasonably Described

I would like to make a Freedom of Information Act request regarding the United States Marine Corps's (USMC) implementation of the Law Enforcement Officers Safety Act (LEOSA). I am writing you today to request assistance in determining why the USMC is taking an exceptional amount of time to implement its policy for executing the rights granted to Marine Corps Law Enforcement members under the LEOSA 926C for qualified retired/separated law enforcement officers. I respectfully request your assistance in helping me to obtain any and all documents, correspondence, decision memos, emails, etc. related to the USMC's efforts to execute this policy, specifically the provisions of MCO 5580.4 Chapter 3 "Marine Corps LEOSA Policy for Qualified Retired/Separated Law Enforcement Officers" (926C Credential). This should also include any correspondence regarding the approval by the Office of Personnel Management (OPM) for processing of LEOSA credentials for retired USMC law enforcement personnel. The Marine Corps now issues the LEOSA 926B credential for active law enforcement officers, but continues to not issue the 926C credential for qualified retired/separated law enforcement officers. 18-005784	FOIA	j.p. lawrence	I am requesting a spreadsheet detailing the number of reportable events of negligent discharges and friendly fire in the Navy and Marines, on- and off-duty from Sept. 11, 2001 until the date this request is fulfilled. In the spreadsheet, I am requesting location and date/time, DOD reportable severity level A-D, identification of whether the event took place in service of Operation Iraqi Freedom or Operation Enduring Freedom, and any narrative included in the report. I would like to receive the information in electronic format. The information I am requesting is released annually on the Naval Safety Center Website, but not compiled in a comprehensive manner. News articles on this issue (included in second page of this letter) are outdated and variously count the number of fatalities from 85 to a sum of 270, a discrepancy of almost 100 lives. The news value of this information rests in the public's right to accurately evaluate the performance of efforts to promote safe weapons handling and safety -- a matter literally of life and death for the nation's troops. We have a right to request the data under DoD directive and for our request to be treated as if it were a FOIA or via an agency-to-agency release. We cite DoD's Principles of Information, DoD Directive (DoDD) 5122.5, which requires that DOD ensure a free flow of news and information to the news media, the general public and the internal audiences of the Department of Defense. Furthermore, DOD Directive 5400.7-R paragraph C5.1.4. stipulates records are permitted to be released to federal agencies that are exempt from release to the public under the FOIA, but handled as agency-to-agency release. If my request is denied in whole or part, I ask that you justify such denial. I will also expect that you release all segregable portions of otherwise exempt material. I have previously written about the government and its activities, with some reaching over 100,000 readers. As such, as I have a reasonable expectation of publication and my editorial and writing skills are well established. In addition, I discuss and comment on the files online and make them available through non-profits such as the Internet Archive and MuckRock, disseminating them to a large audience. While my research is not limited to this, a great deal of it, including this, focuses on the activities and attitudes of the government itself. As such, it is not necessary for me to demonstrate the relevance of this particular subject in advance.	USMC HQ	Partial Grant/Partial Denial

Dear FOI Officer:

USMC HQ Partial  
Grant/Partial  
Denial

Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request access to and copies of:

Any and all Quarterly Criminal Activity Reports (QCARs) for the following installations and/or Areas of Responsibility (AORs) and/or commands, between Jan. 1, 2008 to the present: (a) Marine Corps Recruit Depot Parris Island; (b) Marine Corps Air Station Beaufort; (c) Beaufort Naval Hospital.

If the files are available in an electronic format, I request the material that way. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages of documents. This information is being sought for dissemination to the general public.

I agree to pay reasonable duplication fees for the processing of this request up to \$10. If the fees will exceed that amount, please contact me at (b)(6)

As required by FOIA, segregable portions of otherwise exempt material must be released. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of FOIA.

As I am making this request as a journalist and this information is time-sensitive, I would appreciate your communicating with me by e-mail, rather than by telephone or mail, if you have questions regarding this request.

I look forward to your reply within 20 business days, as the statute requires.

Thank you for your assistance.

18-011560	FOIA	Mrs. Kristen Walden	<p>Good evening,</p> <p>I am making a request under the FOIA for a specific ex-Marine's (no longer in service) public records.</p> <p>(b)(6)</p> <p>I believe the approximate time of service was sometime between 2004-2006, but am not certain. I found this list online of what is possible to give me publicly that does not violate any privacy issues with the marine and would like as much of this information as possible, especially the DD214.</p> <p>DD214,  Service Number (if possible, I understand this may be an SSN and in that case understand if it is not available to me),  Date of Service,  Branch of Service,  Final Duty Status,  Final Rank,  Salary,  Assignments and Geographical locations,  Source of Commission,  Military Education Level,  Promotion Sequence Number,  Awards and decorations (eligibility only, not actual medals),  Photograph,  Transcript of Courts-Martial Trials (this is especially important as well),  Place of Entrance and separation.</p>	USMC HQ	Partial Grant/Partial Denial
18-011572	FOIA	(b)(6)	<p>I am wanting the release of service record for (b)(6)</p> <p>(b)(6) here is much about his service record I cannot find. I cannot get answers from other former enlisted personnel either. I am quite certain he was SOG then injured and transferred to the presidential motor pool during the Nixon administration. In his last days while heavily sedated there was mention of his being wounded while operating as clandestine forces prior to the Vietnam engagement. I would like more answers and you possess them. I humbly ask your assistance in granting access to this information. Thank you.</p>	USMC HQ	Request Withdrawn

We would also like a copy of any Battle Report from the action from that day, regardless of when written. Further, we would like to know if there was fixed air support and or artillery support for that firefight. Were the Marines using M-141s or M-1 6's? And finally, can you determine if Lcpl Emerson became adjusted to the tropics in Vietnam or at Ft Sherman in Panama (the Jungle school). We were told that there were several firefights just prior to the one on 5/15/67. Can you find Battle Reports reflecting any of these actions. We would like copies of these, if possible. I request a copy of the most current command climate survey completed in fiscal year 2017 for MCAGCC/MAGTFTC.</p> <p>The DOECS is mandated by FY13 National Defense Authorization Act and SECDEF MEMO of 6 MAY 2013, and mandated at the DoD level by the Defense Equal Opportunity Management Institute</p> <p>For commands with more than 50 personnel, a DEOCS will be conducted within 120 days of assumption of command, and annually thereafter.Â In addition, Commanders are now required to conduct a close out DEOCS within 90 days of relinquishing command.Â Subordinate commands of 50 or fewer personnel will be surveyed with a larger unit in the command to ensure anonymity.</p> <p>â€œRecordsâ€ includes all documentation or communication preserved in electronic or written form, including but not limited to correspondence, documents, data, transcripts, video and audio recordings, emails, faxes, files, guidance, guidelines, evaluations, instructions, analyses, memoranda, agreements, notes, orders, policies, procedures, protocols, reports, rules, technical manuals, technical specifications, training manuals, studies, and other similar information.</p> <p>The final FOIA response in this matter should be a Partial Grant/Partial Denial, as the exemptions permit an agency to withhold records only when the publicâ€™s interest in disclosure is outbalanced by an individualâ€™s privacy interest. Kimberlin v. Dept. of Justice, 139 F.3d 944, 948 (D.C. Cir. 1998). The public interest at stake is opening â€œagency action to the light of public scrutinyâ€ so that citizens can â€œbe informed about what their government is up to.â€ Dept. of Justice v. Reporters Committee for Freedom of the Press, 489 U.S. 749 (1989).</p>	USMC HQ	Duplicate Request

These are the reports for Records Management offices to see how they are doing in compliance with regulations. It has published an overarching conglomerate report on their website here: <a href="https://www.archives.gov/records-mgmt/resources/selfassessment.html">https://www.archives.gov/records-mgmt/resources/selfassessment.html</a>. We would like to receive a digital copy of each of the individual self-assessment reports for each agency.</p>	USMC HQ	Partial Grant/Partial Denial
