2020-010508	FOIA	Michael Ayele	<p>On page 180 - 181 of Robert Mueller's report, it's noted that the "Foreign Agents Registration Act (FARA) generally makes it illegal to act as an agent of a foreign principal by engaging in certain (largely political) activities in the United States without registering with the Attorney General. (s) The investigation uncovered extensive evidence that Paul Manafort's and Richard Gates's pre-campaign work for the government of Ukraine violated FARA. Manafort and Gates were charged for that conduct and admitted to it when they pleaded guilty to superseding criminal informations in the District of Columbia prosecution. (s) . In addition, the investigation produced evidence of FARA violations involving Michael Flynn. Those potential violations, however, concerned a country other than Russia (i.e., Turkey) and were resolved when Flynn admitted to the underlying facts in the Statement of Offense that accompanied his guilty plea to a false-statement charge. (s) Finally, the Office investigated whether (s) George Papadopoulos " acted as an agent of, or at the direction and control of, the government of Israel. (s) What I am requesting for prompt disclosure are (1) all prosecution memorandums submitted to the Attorney General relating to Paul Manafort and Richard Gates; (2) the guilty plea agreement concluded between Michael Flynn and the U.S Government; (3) all search warrants obtained by the U.S Government to look into Michael Flynn ties with the State of Israel and (4) all communications in the form of e-mails and postal correspondence exchanged between employees and legal representatives of the DOJ, the CSB, the DoD, the DoN, the USMC, the DLA, the DHS, the EPA, the NRC and the UN about George Papadopoulos ties with the state of Israel if such records do indeed exist.</p> <p>Please see attached document below for additional information requesting records.</p>	7/27/2020	Records Not Reasonably Described

Our personnel routinely deal with multiple shooting victims, car crashes, stabbings, etc. We currently provide post-incident stress management, but our goal with this FOIA request is to implement a system of behavioral health prevention, identification and treatment using proven techniques that would actively support the long-term health and well-being of our medical personnel. Our future goal is to extend this care to family members, who provide significant background support to our staff. While the material will be used commercially (within our healthcare system), we have no intention of profiting from any materials provided. Where possible, digital records would be preferred.</p> <p>I am willing to pay fees for this request up to a maximum of \$50.00. If you estimate that the fees will exceed this limit, I would be grateful if you could inform me first.</p> <p>Should you find it useful to contact me to discuss any aspect of my request, please don't hesitate to call me.</p>	7/15/2020

2020-009816	FOIA	Fernando Lopez	. Please if you have the resources look up this man, Chris Collins. A wing chun teacher and actor based in Hong Kong claiming he's a former US Marine. He claims he taught wind chun to his team and different platoons and then his whole company. And he was teaching 400 people. He's making a living teaching wing chun and fire arms to different Asian countries. He was recently in a film called Ip Man 4 which this guy claims is loosely based on his experience in the Marines Corps. It's not a giant deal in all retrospect to things. But theres gotta be a reason he isn't in the states working here. Never states his MOS, or where he was stationed, or how he claims to integrate wing chun in MCMAP. Let me be really frank. MCMAP teaches basic striking and grappling. Zero wing chun. But hey this guy is pretty famous in Hong Kong making a living in Chinese action films as a bad guy. I would like to know if this particular guy has any record of military service because he's claiming he integrated wing chun to mcmmap which we do not do.	7/9/2020	Other; Unable to contact the requester

I understand that the MARADMIN may have provided authority for the award of a GCM short of the normal three year criteria if certain requirements were met. Joseph Hargrove. They were from Echo Co., 2- 9. In 2017, I requested a Marine Corps investigative report that was drafted in the wake of their disappearance as well as any Marine Corps missing persons documents about the three Marines. In 2018, Marine Corps FOIA coordinator for MCIC-NCR, MCB Quantico (b)(6) informed me she had checked with the training and education command and could find no records. She suggested I might check with the "Archives Branch/History Division." So I am doing so now.</p> <p>I hereby request the complete investigative report that was done on the three missing Marines, Hall, Hargrove and Marshall after their disappearance. It should be noted the National Archives has said they do not have the report. They referred me to the Marine Corps.</p> <p>2. I am also requesting any other documents regarding the disappearance of these three men, search and rescue records, MIA/KIA records and reports, command interviews and debriefings pertaining to them, sitreps, memos, any message traffic that mentions them, including any records on radio calls or SAR beepers or Guard calls after the battle, and any records reporting them being in captivity. Though it should not be limited to the aforementioned.</p> <p>Though I have worked for various media outlets in the past, I am submitting this particular FOIA request as a private citizen of the United States for the purposes of writing a book about the Mayaguez Incident for my sole personal profit. I filed a request with the Marine Corps in Quantico in 2017 for these three personnel files, of Hargrove, Hall and Marshall. 2020-002016	FOIA	Dr. Quentin Jevar Crocheron	Please conduct a "JAG ARTICLE 24.5.13" Hearing on President Donald John Trump Article II of the Constitution establishes the executive branch of the federal government. It vests the executive power of the United States in the president. The power includes the execution and enforcement of federal law, alongside the responsibility of appointing federal executive, diplomatic, regulatory and judicial officers, and concluding treaties with foreign powers with the advice and consent of the Senate. The president is further empowered to grant federal pardons and reprieves, and to convene and adjourn either or both houses of Congress under extraordinary circumstances.[16] The president directs the foreign and domestic policies of the United States, and takes an active role in promoting his policy priorities to members of Congress.[17] In addition, as part of the system of checks and balances, Article I, Section 7 of the Constitution gives the president the power to sign or veto federal legislation. The power of the presidency has grown substantially since its formation, as has the power of the federal government as a whole.[18] Through the Electoral College, registered voters indirectly elect the president and vice president to a four-year term. This is the only federal election in the United States which is not decided by popular vote.[19] Nine vice presidents became president by virtue of a president's intra-term death or resignation.[C] Article II, Section 1, Clause 5 sets three qualifications for holding the presidency: natural-born U.S. citizenship; at least thirty-five years of age; and residency in the United States for at least fourteen years. The Twenty-second Amendment states that no person who has been elected to two presidential terms may be elected to a third. In all, 44 individuals have served 45 presidencies spanning 57 full four-year terms.[20] Grover Cleveland served two non-consecutive terms, so he is counted twice, as both the 22nd and 24th president.[21]	11/20/2019	Records Not Reasonably Described
