2025-USMCFIOA-000596	Sam Ogozalek	FOIA	10/28/2024	This letter constitutes a request under the Freedom of Information Act (FOIA), 5 U.S.C. § 552, et seq. Pursuant to the FOIA, I request access to and copies of the following records: " All U.S. Coast Guard Office of Inspector General final reports on closed investigations in 2023 and 2024. Please provide the requested records on a rolling basis as they become available to you without waiting until all of them have been processed. I also request an estimated date of completion. Where possible, please furnish the records in an electronic format, preferably via email to sogozalek@politico.com and transpo-foia@politico.com. 5 U.S.C. § 552(a)(3)(B)-(C). Contact me before attempting to email ZIP files. Be advised that I am a reporter at the POLITICO news organization of Arlington, Virginia, and the purpose of this request is made as part of news gathering and is not for a commercial use. POLITICO is a representative of the news media for the purposes of a FOIA fee waiver and therefore may not be charged search and review fees because it gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw material into a distinct work, and distributes that work to an audience. Am. Civil Liberties Union v. Department of Justice, 321 F. Supp. 2d 24 (D.D.C. 2004). Disclosure of the requested records is in the public interest because it would likely contribute significantly to public understanding of the U.S. Coast Guard Office of Inspector General's operations and activities and is not primarily in my commercial interest. The records would provide valuable insight into the office's handling of U.S. Coast Guard oversight. As such, I request that duplication fees be waived. If there are duplication fees, please notify me before proceeding. Please provide a receipt indicating the proposed charges for each document. If you consider any of these records to be exempt from the FOIA's disclosure requirements, I request that you nonetheless exercise your discretion to disclose and release them. Attorney General Merrick Garland in a 2022 memorandum wrote that [i]nformation that might technically fall within an exemption should not be withheld from a FOIA requester unless the agency can identify a foreseeable harm or legal bar to disclosure. In case of doubt, openness should prevail. Moreover, agencies are strongly encouraged to make discretionary disclosures of information where appropriate. If this request is denied in whole or part, please justify all such denials by reference to specific exemptions and provide an explanation of why the U.S. Coast Guard Office of Inspector General reasonably foresees that disclosure would harm an interest protected by that exemption or why disclosure is prohibited by law.[.] 5 U.S.C. § 552(a)(8). Please also ensure that all segregable, non-exempt portions of otherwise exempt material are released. If you have questions regarding this request, please feel free to contact me at sogozalek@politico.com or (b)(6) I am happy to work with your office to make this request as simple as possible and eliminate any unnecessary work. I look forward to your determination within 20 working days of this request, as is required by law.	Full Denial - Not an agency record

2025-USMCFIOA-001144	Irvin McCullough	FOIA	11/25/2024	From June 1, 2023 through January 1, 2024, I request a sample of up to 10 completed FOIA case files from your offices FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range. For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter. Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details. To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees, and cases where the requester never responded with clarification. And please redact all personal information (names, addresses, emails, phone numbers). 2025-USMCFIOA-001377	Greenewald, John	FOIA	12/11/2024	<p>This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. § 552. My FOIA requester status as a "representative of the news media." I am a freelance journalist, and have written countless articles over the past 25+ years regarding the documents I receive. My original work is seen on my own high traffic website (25,000+ people daily log on, on average) called The Black Vault (www.theblackvault.com), and those articles are often covered by the mainstream media, with The Black Vault cited as the source. Here are just some of the recent mainstream article that have covered my work, both highlighting my original articles written, along with profiling the documents I have received via FOIA: https://news.google.com/search?q=The%20Black%20Vault&hl=en-US&gl=US&ceid=US%3Aen</p> <p>I prefer electronic delivery of the requested material either via email to john@greenewald.com, (b)(6) or via CD-ROM or DVD via postal mail. Please contact me should this FOIA request should incur a charge.</p> <p>I respectfully request a copy of records (which includes videos/photos), electronic or otherwise, of all contributions to the DoD's ALL-DOMAIN ANOMALY RESOLUTION OFFICE (AARO) Fiscal Year 2024 Consolidated Annual Report on Unidentified Anomalous Phenomena published in November of 2024.</p> <p>I ask that you include all information sent by your agency, both unclassified and classified, that contributed to this report. I also ask that you include all unclassified and classified communications between your agency, and AARO/the DoD, about this report. This would include, but not be limited to, emails, reports, photos, videos, memos, inter-agency communications, investigation files, and all other records not yet mentioned. Should any responsive record, like an email, be found with an attachment - I ask that attachment is included and considered to be responsive to this request.</p> <p>I agree to limit the scope of search to records dated May 1, 2023, through to the date of processing this request.</p> <p>Fee Waiver Request: Pursuant to 5 U.S.C. § 552(a)(4)(A)(iii), I respectfully request a waiver of all fees associated with processing this FOIA request. The requested records are not sought for commercial purposes but rather to contribute to the public understanding of governmental operations and activities. As a recognized representative of the news media, I have a long-established history of disseminating information to the public through The Black Vault, which averages 25,000 unique visitors daily. My articles and the records I obtain through FOIA are frequently cited by mainstream media outlets, thereby demonstrating a significant contribution to the public discourse.</p> <p>The requested materials pertain to contributions to the Department of Defense All-Domain Anomaly Resolution Office (AARO) Fiscal Year 2024 Consolidated Annual Report on Unidentified Anomalous Phenomena. This report addresses matters of public interest, particularly concerning national security and governmental transparency. Dissemination of this information will inform the public about government actions and policies related to unidentified anomalous phenomena, an area of increasing interest and scrutiny.</p> <p>Releasing the requested records will enhance public understanding of these issues, fulfilling the statutory criteria for a fee waiver. Moreover, providing access to these records aligns with the FOIA's purpose of ensuring government transparency and accountability.</p> <p>Expedited Processing Request:</p>	Full Denial - No Records Located

2025-USMCFDIA-001615	Viet Quang Dang	FOIA	12/29/2024	Dear Federal Officials of the United States, I am a recipient of numerous blessings and privileges from the United States... including inheriting intellectual property rights in cyberspace... ownership of the Root Key system for the internet... as well as foundational elements of Apple... and... Additionally, I have inherited substantial wealth from leading financial corporations worldwide... from Japan to the European Union... In the United States alone, my inheritance is vast and diverse, encompassing multiple sectors... I am recognized as an individual with indigenous origins, entitled to compensation from the United States government... under the decision of the U.S. Congress in 1971... Alongside this, I am a beneficiary of legacies from some of the worlds wealthiest individuals... entrusted to investment trusts for the purpose of managing and transferring these inherited assets... Consequently, I was selected as the "founder of Bitcoin"... with the objective of ensuring its existence and growth... Despite not being a software or IT engineer... I am an economics graduate... the assets attributed to me have amounted to tens of thousands of billions of U.S. dollars... From the very beginning, malicious actors have sought to obstruct my ability to receive and manage these assets... Over the past 10 years, a group has emerged... openly seeking to harm and even kill me... I was forced to flee to Germany, Denmark, and Sweden... seeking asylum after leaving the Czech Republic, where I had lived for 28 years... Through the asylum system, I reported the crimes of this terrorist organization... The United States, recognizing the severity of the issue, has supported me... as has Germany... I eventually returned to the Czech Republic to reclaim my legitimate rights... facing opposition from the state, which is controlled by terrorists acting on behalf of a precursor to a global government... This organization comprises illicit financial networks... world technology directives... and high-ranking officials from various nations... At its core are individuals from the United Kingdom... with Americans acting as their operatives... connected to international criminal networks; The criminals have surrounded me, layer upon layer... blocking information... leaving me financially drained... In a society where the rule of law has been rendered ineffective... my crypto accounts appear to have been hacked... involving amounts totaling several hundred billion USD... I havent bothered to report this to the police... because, despite reporting it hundreds of times... the situation remains unchanged... if anything, Ive faced more mistreatment as a result... At Apple, since 2005... I inherited shares... and when Steve Jobs passed away... I became the holder of ownership shares... These shares... 34 billion shares, to be exact... are being held by Apple... To secure their release... my presence is required to ensure Apples stability... The SEC authorized Apple to issue 50 billion shares... with 16 billion currently in circulation... To this day, I have no idea how much remains... as theyve been scheming for over a decade to appropriate the shares... Moreover, Apples system root access had to be executed through my computer... meaning Ive been recognized as the top digital authority within the company...	Full Denial - Improper Request
